Eighteen students who are pursuing their Doctors of Education in Community College Leadership from the Roueche Graduate Center at National American University have each received the National American University Foundation *John and Suanne Roueche Community College Leadership Scholarship* for Summer 2018.

The John and Suanne Roueche Community College Leadership Scholarship is awarded each trimester to eligible students who, among other criteria, are not receiving tuition assistance from their employers.

“I was very fortunate as a young man from a working class family to find excellent jobs (from thoughtful and kind mentors along the way) that enabled me to go to college,” said Dr. John Roueche, President of the Roueche Graduate Center at National American University. “I have always believed in helping others along the way.”
