Shelby Betts has received the [National American University \(NAU\) Foundation's SmartCatalog Academic Excellence Scholarship](#). Shelby is pursuing her Bachelor of Science in Nursing (BSN) at NAU's Zona Rosa Campus in Kansas City, Missouri.

Shelby's passion for her education, her clear career vision, and her community involvement all contributed to her earning the [SmartCatalog](#) designated scholarship.

"Health care is what I am made to do," said Shelby. "After I earn my bachelor's degree, I'll pursue a master's degree so that I can ultimately become a Nurse Practitioner. I also plan to enlist in the Air Force."

Shelby is a dedicated student, earning a high GPA, but she also finds time for giving back to her community.

"I'm an enthusiastic extrovert who loves to help in the community whenever I can," said Shelby, who tutors fellow students, volunteers as a kindergarten screener at local school, and gives her time to help causes that support families without homes and veterans.

The *SmartCatalog Academic Excellence Scholarship* is made possible by Anne Valentine, President of [SmartCatalog](#), a company that helps colleges and universities provide accessible up-to-date, online catalogs for students.

"My company and my team enjoy providing support for student scholarships," said Valentine. "We are heartened when a student like Shelby is committed to doing well in school but also finds time for her community. SmartCatalog will continue investing in students, and we are honored to help Shelby in this way this year."
