

# Jason Justice

## Receives the A&B Business Academic Excellence Scholarship

Senior Master Sgt. Jason “JJ” Justice, an active duty airman with the United States Air Force, has received the [National American University \(NAU\) Foundation’s A&B Business Academic Excellence Scholarship](#). Jason is pursuing his Bachelor of Science in Management degree from NAU at its Ellsworth Air Force Base in South Dakota.

JJ has served in the Air Force for 25 years. He first enrolled at NAU in 2016. He’s working to earn his degree prior to retiring from the Air Force.

“Upon retirement, I want to go work for the Air Force Life Cycle Management Center team at Tinker Air Force Base in Oklahoma City,” said JJ. “I’m a career B-1B aircraft technician, who’s had the honor of being mentored by great supervisors, who taught me leadership and management skills that have put me in the position I’m in now as the B-1B Sustainment Manager for Air Force Global Strike Command. Along with this management education I’m receiving through NAU, if hired on at Tinker, I’ll be well prepared to transition to their team.”

JJ is also a father who loves to be active with their activities, serving as a t-ball, basketball, and soccer coach over the years.

This scholarship was made possible by Dennis Aanenson, owner of A&B Business Solutions ([abbusiness.com](#)). Based in Sioux Falls, A&B Business offers a wide range of office and printing services and products in 16 locations in five states. A&B Business sponsors five scholarships for NAU students in South Dakota annually.

“A&B Business is located in several states, but South Dakota is home,” said Dennis. “I enjoy being able to support NAU students in South Dakota, and am especially able to show support for active duty students like Jason.”
