CBSE PHYSICS CLASSES

Now Neet Exam is over, and students have calculated their marks with the different answer keys are available in the market for NEET.

Many feel delighted after scoring more than 520 marks in NEET exam, and many got disappointed due to non-performance in the NEET Exam, Getting Below 480.

Most of the students had their poor performance due to physics paper in the NEET Exam and planning to drop one more year for the next year NEET Exam.

Now the paper pattern of NEET Physics got shifted into a different era, and now they pick up many smart questions which are conceptually based and tedious in the calculation.

All physics package made by branded coaching institute got failed where they tell students to mug up physics, but actually, it is not possible.

If you are again planning to drop a year or fresh candidate and taken admission in dummy school or non-attending school think about physics seriously for NEET Exam.

Do more than NEET LEVEL Physics so that your speed in solving the question get increased.

Buy Resnik Halliday and H C VERMA, Do these books exercise yourself with proper guidance.

We As A Physics tutor what we did-

1) Make the student perfect conceptually in Physics for each physics chapter.

2) We have research-based NEET Physics question Meant Especially for NEET physics; We give these questions to all our students, these questions are specific to our students not publically distributed.

3)If somebody is lagging in some physics topic and not able to perform well, We sit with that student and cater their requirement and make a new set of physics questions as per his/her need.

4)Periodic Physics test and assessment of each student and fulfil their gap.

5) Try to maintain minimum physics score more than 120/180 of each student.
