Regarding: Sudip Nair

To whom it may concern:

I had the pleasure of teaching Sudip Nair in the International Business Management Graduate Certificate Program between January 2014 and April 2104 in the course International Market Entry.

Sudip was a very strong student in my class, and has a bright mind. He contributed to class discussions. He has a pleasant demeanor, and takes feedback to heart. He has done very well in the analysis and recommendation tasks which he faced in these courses.

Sudip has demonstrated effective communication skills in both written work and oral presentations. He has worked effectively in group situations, and has done a good job of managing relationships in that context.

I don't think I have ever had a student who was more attentive in class than Sudip. He was very focused on his studies, and exhibited both a curiosity about and a passion for learning.

I have no reservation in recommending Sudip. He will work hard to achieve success in any situation.

Sincerely,
