Climbing the Ladder

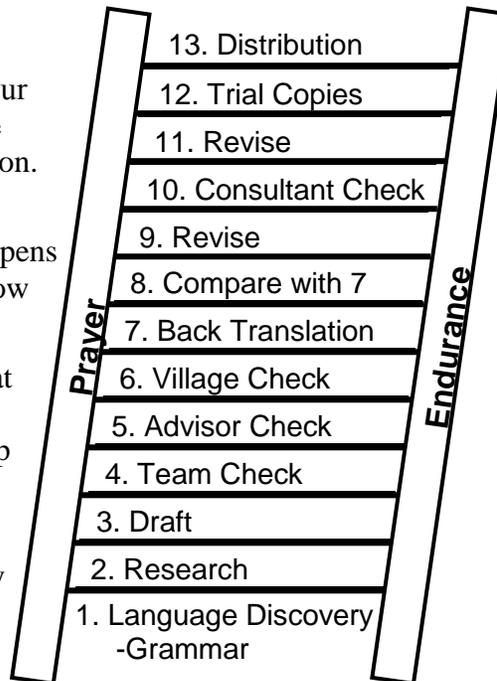

We're climbing this ladder. Back at our training course in June and July, we followed this ladder with our practice portion. Now we're doing it in real life.

Step one is mostly at workshops, but it happens every time the team meets and discusses how to say things in Solos.

Our every day work is steps 2-4. We repeat this over and over for segments of seven to ten verses. It is very much like climbing up and down a ladder.

When we finish a few chapters we do step 5. I'm the advisor, so those weeks are very intense. Then the team does step 6. So far we have five chapters to this step.

Once we get a whole section done, we can do steps 7-11. Then it's on to publishing. So far the Solos team is on track to get Joshua 1-12 to the top of the ladder early next year!

This Book of the Law shall not depart from your mouth, but you shall meditate in it day and night....

Joshua 1:8
NKJV

Our team has split into two groups. This group mostly works in Tung.

Prayer Corner

Praises:

- A dedicated translation team
- A new Regional Director after several months "making do" without
- Endurance through sickness (Larry, Amaziah, & Christy)
- 3 months of quiet & steady work

Requests:

- Ongoing translation. Satan fights this work in many ways.
- Health for our whole family
- Unity and perseverance for the translation team
- Wisdom as we consider next steps

In addition to translation we have been busy with normal village life. We also continue to make improvements to our living area. To name a few, Larry built a shed for our generator and outside tools, he built a large bookshelf for our many

boxes of books, together we have made a screen door for our house and built a sand box for the kids to play in.

Lawrance's Birthday!

In September Lawrance celebrated his 4th birthday. He and the other village kids had great fun playing games, eating cake, and the piñata was a big hit!
