

Visteon Partners With Shanghai Sunrise To Host Discovery Expedition For Underprivileged Youth in Need

SHANGHAI, Thursday 4 August 2018 – 13 underprivileged youths from [Shanghai Sunrise's](#) student sponsorship program joined [Visteon's](#) Discovery Expedition, where students had the opportunity to visit [Visteon's](#) Asia Pacific office to enhance their understanding of working life and different career opportunities. The 'Discovery Expedition' is part of CareerStart, Shanghai Sunrise's annual workforce readiness program that provides practical training and information about getting that first job and developing the skills needed to thrive within it.

Throughout the event, short career talks were given by representatives from a variety of departments including engineering, accounting, human resources, marketing and communications, purchasing and business development. Each talk was designed to provide exposure and broaden horizons, so that Shanghai Sunrise students may better understand the opportunities open to them as they begin their careers.

Students were also treated to a special screening of Visteon's 2018 Consumer Electronic Show submission of curved screens in cars which would be a great cutting-edge replacement for a car's analog gauges. The day concluded with a tour of the office premises.

In 2005, [Visteon](#) set out with Shanghai Sunrise on a journey to transform the futures of young people in need. Since then, through generous student sponsorships, [Visteon](#) has enabled 34 young students who otherwise would not have had the chance to complete their high school or university education. On behalf of all its students and their families, Shanghai Sunrise is incredibly thankful for [Visteon's](#) support and great commitment to improving the lives of underprivileged youth in China.

Susie Quek, Sponsor Relations Manager of Shanghai Sunrise commented, "Visteon is one of our longest-term corporate sponsors, without the generosity of partners like them, we would not be able to do what we do. My heartfelt thanks to the entire Visteon team for their compassion and generosity in enabling and organizing this unique experience for our students, which empowered them with valuable knowledge, so they may realize and achieve fulfilling future careers."
