

MDAT - GoG

Weekly Report 11-16

26th August – 2nd September 16

INCIDENT DISPOSITION

IN THIS ISSUE

Overview

No incidents have been reported during this period.

Ships Masters/CSO's are invited to report to MDAT GoG, any incident or suspicious activity.

Masters and CSO's are reminded that scamming emails and phishing remain a threat in the GoG maritime area.

The MTISC-GOG completed its operations 20 Jun 16, and its former role and responsibilities were transferred to the UK – Fr activity known as **MDAT-GOG**. The exact details are contained in UKHO Chart Q6114, 30 June 2016. Companies, and Masters are encouraged to report their vessels when transiting the revised Vessel Registration Area (VRA), also described on Q6114 dated June 30 with the MDAT-GOG, using the email address watchkeepers@mdat-gog.org

During a recent review of emails sent to the MDAT-GOG during the First Quarter of Operations, it has been observed that a number of companies / organisations may still be registering their vessels using emails to MTISC-GOG, which is no longer functioning. Can I ask all recipients of this email to check their company instructions, and replace the MTISC-GOG address with the following watchkeepers@mdat-gog.org
