

Apprentice Development Service

12 MONTH INDUCTION PROGRAM

NEW PACKAGE

Approximately 50% of all apprenticeships fail in the first 12 months which is also the apprenticeship year that takes the most administrative workload. Instead of using your own resources to manage this high risk period of the apprenticeship, you can now use ATC Work Smart to do this for you and still have the choice to direct hire the apprentice once the apprentice transitions to second year stage.

What ATC Work Smart does for you -

Recruitment | Signup | RTO Registration, Coordination, Payment of Fees | Performance Management & Mentoring Visits | Payroll, Super & Workers Compensation |

Incentives are available on completion of the 12 month program.

FAQs

What trade/industry areas does ATC Work Smart cater for?

ATC Work Smart employs apprentices & trainees in a wide range of industries across a range of occupational areas.

What hours will you be charged for?

The Shared Apprentice Program is charged at a productive rate; this means you will only be invoiced for hours worked on-site. Annual leave, personal leave, public holidays & off the job training are not invoiced.

Do I have a choice which days of the week I will have my Apprentice?

ATC work Smart will prepare an annual roster for the Apprentice in consultation with the Host Employers.
