... because work is hard enough  
without hard floors ...

O-ZONE

# O - ZONE

We understand the problems you have ... complaints of sore legs ... sore backs ... hard floors ... slipping and tripping. You know that crippling feeling of numbness, pain, tiredness ... lack of motivation ... loss of productivity.

We've observed over the years that people will do anything to relieve the strain on their back and legs ... like standing on bits of old carpet or mats piled one on top of another ... bits of wood or even flattened cardboard boxes. At the best these are temporary solutions ... at the worst they are unsafe and hazardous, especially in your workplace where safety is essential.

*Do you know you have a responsibility by law to ensure "no harm is caused by hazardous stress and fatigue?"*

So it's good to know that you can fit out your entire business with mats that are both safe and specifically designed to relieve stress and fatigue for less than the cost of one single accident or claim on you for compensation.

### Unsafe substitutes will cost you money ...

Our customers have learned that the right mat in the right place will relieve fatigue and enhance safety. We can help you find the right mat for your business - and you will find morale and productivity will improve too!

### It's important then to choose the right mat ...

O-ZONE is your N°1 choice for comfort and safety in dry areas ... people say "this is the most comfortable mat we've ever had!"

O-ZONE is an ergonomic design ... anti-fatigue matting at its best. Moulded bubbles trap air underneath to increase the comfort level ... suction feet prevent mat creep ... ramped edges and rounded corners all combine to provide you an exceptional mat with superior comfort, safety and style.

As O-ZONE has a closed surface it is easy for you to sweep clean and is safe when used in dry areas. O-ZONE can also be fabricated into runners and larger sizes to meet your requirements.

### O-ZONE specifications

SIZE	COLOUR	WEIGHT	THICKNESS
605 x 905mm	Black	4kg	16mm
1195 x 905mm	Black	11kg	16mm
2310 x 905mm	Black	22kg	16mm

### Our 4 step No Risk Guarantee to you ...

- O-ZONE is fully guaranteed for 5 years against failure due to manufacturing defects.
- O-ZONE is guaranteed to help reduce fatigue and stress in your business.
- O-ZONE is guaranteed to lie flat and be safe.
- and we guarantee your complete satisfaction. In fact if you are not delighted with your O-ZONE, and you tell us, we will exchange it for another mat of your choice to the same value ... all part of the O-ZONE Commitment to you.
