P R O C E E D I N G S

MAYOR ADLER: So at 1:01 p.m. I'll call this Special Meeting to order with the purpose of accepting a recommended bid from several companies that picked up bid packets with respect to awnings at the Village Club in The Grille area.

Jeff Moslow called me shortly before to indicate that he was finishing a call that might well go over, and if he didn't get on, to go on without him. He was 100% in favor of moving forward with accepting this bid, and I will let Peter and Jeff make any comments for the record if they wish before we vote on it.

DEPUTY MAYOR FORMAN: So just by way of background, then I'll turn it over to Jeff, this is what was provided to you. These are three awnings. One is to cover The Grille, the new expanded patio at The Grille. This is to have a larger awning at the Pro Shop where there's going to be enhanced social programing. It turns out

that that's where a lot of the moms and dads hang out and have a drink while their kids are playing. On a side note, we have 190 kids registered for the Junior Academy this year which is like off the hinges or off the charts, which, by the way, is part of what I believe to be a good long-term strategy as a feeder for membership at The Club. So I think a smart, well-priced Junior Academy Program, which is obviously not today's agenda, feeds into that. So the awning at The Club plays into that.

Then we have a small, modest little awning at the front of The Grille so that people are rain protected when someone's pulling up.

There's really not much else to share. Jeff, do you want to talk about the process at all?

MR. SHEPARD: Yes. Absolutely.

TRUSTEE SETHI: I'm sorry to interrupt you Jeff, also. Thank you so much for doing this. This is really

exciting. I was hoping that one of you, and I don't know, Jeff, if this is what you were planning to talk about, but just since I'm newish to the Board, just helping me to understand, you know, the bid process and how to make sure that we're spending our money wisely and competitively.

MR. SHEPARD: Actually, great lead-in. Thank you. The Deputy Mayor and I have worked through a process together where it's extremely detail-oriented.

We start with an RFQ, which is request for quote. We pretty much write on a piece of paper every question humanly imaginable, probably, too much detail, but that's the way we start, and then we try to find a vendor or two that we can talk to, because, obviously, they're the expert in the field, and get as much information from them as we humanly can and help us to work to where we want to be.

So this process, Peter and I had a lot of meetings with my staff and different vendors to look at. The awning, actually, changed over time because we learned a lot from the vendors. And then once we were super comfortable with the process in regard to knowing what we wanted and all of the details that we wanted from the vendor, then it was easy to go to bid because we had that P.O. or RFQ that we could then take and submit and say this is what we're requesting. So they knew exactly what they're bidding on. Because sometimes when you go into any kind of capital project, or anything is -- you kind of say, "Hey, I want the thing over there," and that really doesn't work, right? So one thing we've really done is -- and Peter's really been kind of instrumental in helping us kind of get the department heads to understand that. It was a little bumpy in the beginning. I'm not going to lie. We had some talks,

but now we have a process that's really good where we put this in place. We do the RFQ, and then we're very comfortable. We're using it not just for something that's going to go to bid, but all of our quotes, and it's working really well.

MAYOR ADLER: The only thing I would just add in also, if you read the documents, is the work that's going to be done in its final shape will be reviewed by a professional, and that's very, very important. Basically, to a degree, particularly when we know what we want, and we're dealing with a good vendor, it may seem unnecessary, but it's like an insurance policy. It protects the Board should there be anything in the design that turns out not to be -- not to have been done correctly, particularly, when you're dealing with outdoor structures like this where they can endanger people, if not, do damage to the historic building that they're attached to in these cases.

So this is a very important step that Jeff and Peter understand has to be part of the process, even though it sometimes delays things a bit and adds extra costs, but I always looked at it as an insurance policy, to have a professional involved signing off on the final design of the vendor.

I thank both Jeff and Peter for making sure that we found and hired the right professional to give us that extra important step.

MR. SHEPARD: I'd like to add that from a club perspective, a lot of you don't get the chance to come very often, but I can tell you the vibe right now is incredible. And for us to add this patio space that we're doing right now -- Cow Bay is down there right now. They actually started to lay the pavers today. We'll have patios in and then later followed by the awning, the expansion down at the pool. It's just allowing us to do so much more at the club, and the

members are so appreciative of seeing things happening.

Is it great to be doing it right now in the middle of the May? No. But you know what? Sometimes it's better because you're actually showing them, "Look what we're doing." So I can tell you the vibe is great, and the place is hopping.

TRUSTEE ULLMAN: Do you have any idea when it might be completed or might be useable?

MR. SHEPARD: If this goes through, it will take them about a couple of weeks to get his ducks in a row, and then it will probably be offsite construction anywhere from a month to two, and then a couple of weeks on property. We're probably talking midsummer, which is absolutely fine, because when the pavers are done next week, I'm going to drop tables with umbrellas, and it will actually be nice because you sit under the awning if you want, or you can have a table with an umbrella. We'll put some

soft seating out there. So, actually, the transition will be kind of fun.

The two weeks when they're onsite and the patio is kind of out of commission, that will be operationally a challenge, but we've got no problem. We have back up plans. We'll figure it out.

TRUSTEE ULLMAN: I have another question.

MR. SHEPARD: Yes.

TRUSTEE ULLMAN: If I read it correctly, you're putting in both a heating and air conditioning system?

MR. SHEPARD: We are not.

DEPUTY MAYOR FORMAN: No. We're making provisions, Kay. What we've asked for the vendor to do as part of their design is to make provisions so that if we choose to add HVAC in the future, that that would -- that's another expense. In my personal opinion is that's where we're heading in the longer run. I would like this to be a 12 month -- right now, we pull down the awning every winter.

TRUSTEE ULLMAN: Right.

DEPUTY MAYOR FORMAN: We've asked them to design it in a way that can handle the snow loads. So, hopefully, this could eventually be a 12 month expanded Grille operation.

TRUSTEE ULLMAN: Okay.

DEPUTY MAYOR FORMAN: I just want to complement Jeff. It's been, I think, good for both of us working together. We have complimentary skills. He's much nicer than I am, too. It's been good. I think it's been good for the club, and good for the Village.

MR. SHEPARD: And we're doing a really good job of getting the best prices. I won't say that's me. That's the New Yorker in Peter. He negotiates really well.

DEPUTY MAYOR FORMAN: And he's got to be the gentle face of the deal.

TRUSTEE SETHI: Peter, that was really, I guess, where my question was before. I was trying to understand it.

It sounds like, from what you just said, there were conversations with other potential vendors, but from the papers that I saw, either they didn't submit quotes or --

DEPUTY MAYOR FORMAN: Sure. Here's the backstory, Rita. So we went out to multiple vendors, including another company called Capitol Awning. Number 1, the market place is crazy busy right now. All the issues that are rippling throughout the economy in terms of latent demand as well as supply shortages in terms of labor and materials are rippling. We had another vendor -- we got preliminary quotes from two vendors, this guy and Capitol. Capitol came in -- Jeff, do you remember were they 25, 35K higher? Do you recollect vaguely?

MR. SHEPARD: Yeah, and that was just on the back awning. That wasn't even at the point when we were talking about the front and the side. So they were substantially higher.

DEPUTY MAYOR FORMAN: So they probably would have come in 30, 40, 50 higher, and who knows when they could have done it. After the three companies picked up the bid packs, only one of them responded. Capitol, kind of, just blew us off.

MAYOR ADLER: And I think that's a good lesson because the reality is, Rita, from seeing this happen over so many decades -- you know, the mandatory bid process under State Law, we can all understand why that is mandated because of the risks of, very substantial risks of favoritism in choosing contractors and so on and so forth. So we understand the reason behind it, but I can tell you whether it's roads, construction at The Club, wells for the water system, it doesn't really matter what it is. The reality is that without a lot of good pre-work, which is what, really, Jeff and Peter were describing -- the bid process is

extremely imperfect from the end user's point of view because the risks are that you will end up with a contractor who is not the right contractor for the job, or you will end up with a pricing that turns out to require add-ons that are realized in the process, which you don't want to have, and the list goes on. So there are a lot of reasons why the extensive work that Peter and Jeff did and that we do in all other areas of the Village, is part and parcel of making the bid process work for the Village. And I think that's the most complete answer that we can give you. Simply following the law guarantees nothing in terms of what you're going to end up with as a product, whether you've gotten the best pricing. There are just so many variables. There's a lot more work that goes into making it work, and that's why all the work that Jeff and Peter have put in is critically important.

In a normal situation, when we're

not dealing with COVID last year and whatever, we normally try to go through this process in the Fall for the next year because you can see there're so many steps involved. Months pass by. If it had been a normal year last year, and we fully understood the trajectory of membership, we would have been doing what we're doing now six months ago. I want to make it completely clear that it's no one's fault, certainly, not Jeff's or Peter's that we're in the mode we are.

I hope, for the future, we'll get back to the planning mode that you really need to do all the pre-work that they've done, then go out to bid, then deal with the possibility that you'll have to go out to bid again because you don't get the right thing.

So you need huge amounts of lead time, ideally. So the extra work that Jeff and Peter have had to put in to be able to compress the cycle to the most degree they can to deal with the current

season, everyone should be cognisant of the difficulties of doing that and the challenges.

Anyway, with that, if no one has any further comments or questions, I will request a motion.

DEPUTY MAYOR FORMAN: Motion to adjourn.

MAYOR ADLER: Second?

VILLAGE ATTORNEY BROOKSTEIN: I'm sorry. Motion to adjourn or motion to accept the proposal?

DEPUTY MAYOR FORMAN: We didn't vote yet.

MAYOR ADLER: No. You said motion to adjourn, Peter.

DEPUTY MAYOR FORMAN: My fault. Motion to accept.

TRUSTEE ULLMAN: I second the motion.

MAYOR ADLER: Seconded by Kay. All in favor?

(Whereupon, all Board members joined the motion by

saying, "aye.")

MAYOR ADLER: If there's any other comment, I will take it; otherwise, before we end, I just wanted to -- two quickies. First of all, as I think you've all seen from Liz's communications, we have decided to go with a Zoom meeting for May exactly the same way we've been holding our Board of Trustees meetings for 14, 15 months now. So that's -- what is it?

VILLAGE CLERK: May 25th.

MAYOR ADLER: May 25th. Exactly. And the other thing is that Colleen (phonetic) is going to start the process of letting all our volunteers know about our tentative date for the Volunteers' Dinner as the 22nd of June, which is a good date. Peter will be back. Liz will be here, and then we'll follow that on Thursday of that week with the June Board of Trustees meeting. Liz had a preplanned vacation, so she will miss that, but we agreed that it was much more

important that she be at the Volunteers' Dinner than at the Board meeting where someone else can act in her role.

We're really trying something completely different under all the circumstances this year for the Volunteers' Dinner, and I would welcome anyone's ideas and comments. Basically, as I've discussed it with Jeff and Ashley (phonetic), it's going to be a very informal outdoor event. The other reason Tuesday works very, very well is that we don't have to have a rain date because we will have The Grille since The Grille is closed on Tuesdays. We will have the grill and the existing awning, at least, to give us some flexibility if the weather on the 22nd should turn out not to be ideal.

But other than the fact that we're going to tell everyone it's come as you please, and that it's going to be a buffet sort of an event. We haven't thought about what will be served,

whether it's barbecue, whatever, but it's going to be an informal event (inaudible) --

(Whereupon, there was a phone call interruption.)

MAYOR ADLER: It's going to be almost more like a big cocktail party, food thing, than, sort of, formal dinners that we've had for the last 30 years before now. It will be up to the new Board to decide in the future what traditional Volunteers' Dinner may look like.

Any ideas you have, this is in a formative stage. At this point, we have the date and the time, which is likely to be 7 o'clock, and everything else is to be announced.

DEPUTY MAYOR FORMAN: Cocktail is nice and informal. It's the best part of any wedding or bar mitzvah, so I think we'll all enjoy that.

MAYOR ADLER: Exactly. So I think it's going to work. I think it's going

to work well, and it may turn out to be something, even though, originally driven by COVID and whatever and spacing, I don't think we're going to have much restriction by the end of June anyway, but we'll be able to observe all of that, and it may turn out to be a model that everyone likes for the future.

So with that, I will take a motion to adjourn, Peter.

DEPUTY MAYOR FORMAN: Motion to adjourn.

MAYOR ADLER: Second?

TRUSTEE ULLMAN: Second.

MAYOR ADLER: All in favor?

(Whereupon, all Board members joined the motion by saying, "aye.")

MAYOR ADLER: So long, everyone. Thank you very much.

MR. SHEPARD: Thank you, all, very much.

MEMBER SETHI: Thanks so much, Jeff, for all of your hard work.

DEPUTY MAYOR FORMAN: Thanks for the support. Much appreciated.

MAYOR ADLER: Okay. So long, everyone.

(Whereupon, at 1:19 P.M., the above matter concluded.)

SECTION A

INSTRUCTIONS TO BIDDERS

May 5, 2021

1. RECEIPT AND OPENING OF BIDS

To be eligible for the award of the contract, Bidders are required to: (1) meet all of the requirements set forth herein with regard to all of the services required to be provided; and (2) submit a bid which covers all of the services required to be provided.

Accordingly, the Board of Trustees of the Village of Sands Point invites bids for the purchase and installation of custom awnings for the Club Grille, Pro Shop and front areas located at the Village Club of Sands Point. All bids must be based upon and performed in accordance with the specifications set for at Section E.

Bids will be received by the Clerk of the Village of Sands Point at the Village Hall, Tibbits Lane, Sands Point, New York, until 4:00 PM on the date specified in the Notice to Bidders, at which time they will be publicly opened and read.

2. PREPARATION OF PROPOSAL

In submitting the bid, the proposal sheets as furnished are to be filled out, but not detached. The sealed proposals for this work shall be enclosed in an envelope properly identifying its contents. All blank spaces for bid prices must be filled in indelible ink in both words and figures with the total gross sum for which the proposal is made. Proposals that contain any omission, erasures, alterations, additions or items not called for in the itemized proposal, or that contain irregularities of any kind may constitute sufficient cause for rejection of the bid. In case of a discrepancy in the proposal between the unit price written in words and the unit price written in figures and/or the item extension written in figures, the unit price written in words will govern. Bids which do not contain prices on all proposal sheets for each option shall cause rejection of the bid.

For any bid to be considered by the Village, the bidder must execute the Statement on Sexual Harassment enclosed with this document.

3. SPECIFICATIONS

The specifications for this purchase are set forth in **Section E ("Specifications")** of this bid document.

4. INTERPRETATION OF DOCUMENTS. ADDENDA

No oral interpretation will be made to any Bidder as to the meaning of the Bid Documents or any part thereof. Requests for such an interpretation shall be made in writing to the Village. Any inquiry received five (5) or more working days prior to the date fixed for opening of Bids will be given consideration. Every interpretation made to a Bidder will be in the form of an Addendum to the Bid Documents, and when issued, will be on file in the Village office at least three (3) working

days before the bids are opened. In addition, all Addenda will be mailed to each person holding Bid Documents, but it shall be the Bidder's responsibility to make inquiry as to any Addenda issued. All such Addenda shall become part of the Contract and all Bidders shall be bound by such Addenda.

5. BID DEVIATIONS

If your bid differs from the Specifications explain such deviation(s) or qualification(s); and if necessary, attach a separate sheet.

6. ALTERNATIVE BIDS

No Alternative Bids will be considered, other than as herein requested.

7. BID DELIVERY

Bidders assume all risks for timely, properly submitted deliveries. Bidders are strongly encouraged to arrange for delivery of bids to the Village prior to the date of the bid opening. LATE BIDS may be rejected. E-mail bid submissions are not acceptable and will not be considered.

8. [INTENTIONALLY DELETED]

9. EXPERIENCE STATEMENTS

The Bidder must complete **Section B (Bidder's Experience Statement)** of this Bid document, sign the **Affidavit** in **Section B (Affidavit Of Corporation, Partnership or Individual)** and submit **Section B** and the **Affidavit** with its Bid. All questions in **Section B (Bidder's Experience Statement)** must be completed by the Bidder.

10. [INTENTIONALLY DELETED]

11. INCORPORATION OF BID DOCUMENTS/PAYMENTS

The Village will pay Contractor in accordance with the Bid Proposal as determined by the Contractor's bid document, which bid will be on file in the Office of the Village Clerk. For the purpose of this clause, the written bid of the Contractor will be made part of and incorporated into the Contract and will control for the determination of the consideration to be paid to the Contractor.

12. DISCLOSURE CERTIFICATES

The Bidder's **Disclosure Certificates** in **Section C** of this bid document must be completed and submitted with the Bid.

13. NON-COLLUSION AFFIDAVIT

The **Non-Collusion Affidavit** in **Section C** of this bid document must be completed and submitted with the Bid.

14. BIDDER ELIGIBILITY FOR AWARD OF CONTRACTS

Bidders are advised that the Village, in awarding its Contracts, will reserve the right to honor any determination by the State of New York or any political subdivision thereof, including, but not limited to Nassau County, Suffolk County, and any city, town, village or municipal agency located therein, that a Bidder is not eligible to bid on or be awarded public contracts because the Bidder has been determined to have engaged in illegal or dishonest conduct.

This policy permits a Bidder whose ineligibility has been so determined by any governmental agency in the State of New York to submit a bid on this Contract and then to establish that it is eligible to be awarded the Contract on which it has bid because (i) the agency determination relied upon does not apply to the Bidder , or (ii) the agency determination relied upon was made without affording the Bidder the notice and hearing to which the Bidder was entitled by the requirements of due process of law, or (iii) the agency determination was clearly erroneous or (iv) the agency determination relied upon was not based on a finding of conduct demonstrating a lack of integrity.

15. SALES OR COMPENSATING USE TAXES

Sales to the Village as a governmental instrumentality of the State of New York are exempt from taxation, either state or municipal, and also from federal taxation, including excise taxes.

16. CORRECTIONS

Erasures or other changes in the Bids must be explained or noted over the signature of the Bidder.

17. TIME FOR RECEIVING BIDS

Every effort will be made to properly receive any unopened Bid prior to the Bid receipt date and time. However, the Village assumes no liability for Bids lost or misplaced that could result in a Bid not being opened at the appropriate time by the Village. The Village official whose duty it is to open Bids will decide when the specified time has arrived, and no bid received thereafter will be opened or considered.

18. OPENING OF BIDS

At the time and place fixed for the opening of Bids, the Village will cause every Bid received within the time set for receiving Bids to be opened and publicly read aloud, irrespective of any irregularities therein.

19. EXECUTION OF AGREEMENT. PERFORMANCE.

Subsequent to the award of the Contract and within ten (10) days after the prescribed forms are presented by the Village for the Bidder's signature, the successful Bidder shall execute and deliver to the Village the Bid Documents in such number of copies as the Village of Sands Point may require.

The Bidder shall also be liable for and agrees to pay the Village on demand, the difference between the price bid by him and the price for which such Contract shall be subsequently relet, including the cost of such reletting, if any, less the amount of his deposit. No plea of mistake in such accepted bid shall be available to the Bidder for the recovery of his deposit or as a defense to any action based upon such accepted Bid.

20. EQUAL EMPLOYMENT OPPORTUNITY

Attention of Bidders is particularly called to the requirement for ensuring that employees and applicants for employment are not discriminated against because of their sex, race, color, religion, sexual orientation or national origin.

21. PERMITS

Under this Contract, the Bidder will not be required to obtain Village permits for any of the services required.

22. LETTER OF TRANSMITTAL

At the minimum, the requested Letter of Transmittal shall contain the name, address and telephone number of the Bidder and shall contain wording to the effect that attached is a completed Bid proposal for the Contract, including those items required to be completed and submitted with the Bid.

23. ITEMS REQUIRED AT THE BID OPENING

Failure by any Bidder to provide all required documents, as set forth below, shall result in the rejection of such Bidder's Bid.

a) Letter of Transmittal;

b) Bid Proposal;

c) [Intentionally deleted.]

d) [Intentionally deleted.]

e) Contractor's Experience Statement;

f) Disclosure Certificate;

g) Conflict of Interest Certificate for Bidder;

h) Certificate of Criminal Non-Involvement for Bidder;

i) Non-Collusion Affidavit for Bidder;

j) Certificate of Reliance for Bidder; and

k) [Intentionally deleted.]

l) Statement on Sexual Harassment

24. BIDDER'S PREREQUISITES

The Village attaches great importance to the ability of the Contractor to perform the work as specified. This concern does not demonstrate a lack of trust in any Contractor, but rather it is an acknowledgment of the Village's obligation to its citizens. In order that this obligation is fulfilled, the requirements set forth below must be met.

Only Bidders who fully comply with the following should submit Bids, as only such Bidders will be considered qualified:

a) The Village shall have the right to take such steps as it deems necessary to determine the ability of the Bidder to perform all obligations under the Contract including, but not limited to, a review of the Bidder's certified financial statements for the past three (3) fiscal years. It is understood that the Bidder shall furnish the Village all such information and data for this purpose as the Village may request. The Village reserves the right to reject any Bid if an investigation of available information does not satisfy the Village that the Bidder is qualified to properly carry out the terms of the Contract.

b) The Village will not entertain any joint venture Bids by two (2) or more individuals not operating as a general partnership or two (2) or more corporations not having the relationship of parent and wholly-owned subsidiary. If two or more corporations having the relationship of parent and wholly-owned subsidiary can together meet the foregoing prerequisites, they may submit a Proposal as a joint venture and said two corporations shall be bound jointly and severally, and each such corporation shall execute the Proposal and do each act and thing as required hereunder. In both the bid and the Contract where the Bidder's name would appear, the names of the two corporations should be listed followed by the words "acting jointly and severally."

c) The Bidder shall provide all of the equipment, materials and manpower required by the specifications of this Bid document.

d) When any particular material or equipment is specified in this Bid document, it is to be regarded as a standard. Any other material or equipment that is equal or better in quality and features in the opinion of the Village may be accepted. If the Bidder proposes to furnish the equivalent or better of any material or equipment described in the Specifications, it shall attach to its bid a letter or memorandum giving full details. If no such information or memorandum

is attached to the bid, Bidder shall be required to furnish the material or equipment specified and will not be permitted to submit an equivalent or better after its bid is opened and recorded.

e) The Bidder must be licensed pursuant to all applicable governmental laws, rules and regulations at the time of submitting the bid.

f) The Bidder shall demonstrate adequate financial resources to perform the work as specified. **Failure by the Bidder to provide the required "Bidder's Experience Statement" set forth in Section B of this Bid Document with the Bid may disqualify said Bid as non-responsive, and therefore, such Bid will not be considered by the Village.**

g) The fact that the Village has furnished Bid Documents to any Bidder shall not be deemed to mean that the Village has made a determination that any such Bidder is qualified to perform the Contract.

25. [Intentionally deleted.]

26. REJECTION OF BIDS

The Village reserves the right to reject any bid if the evidence submitted in the qualification statements or by investigation of such Bidder fails to satisfy the Village that such Bidder is properly qualified to carry out the obligations of the Contract and to complete the work contemplated therein. Conditional bids will not be accepted. The Village reserves the right to reject any and all bids and to accept the bid which it deems most favorable to the interests of the Village after all bids have been examined.

27. [Intentionally deleted.]

32. BASIS OF AWARD

The Contract will be awarded to the lowest responsive and responsible Bidder.

The Board of Trustees reserves the right to waive any informalities in any bid and to reject any or all bids.

33. OBLIGATIONS TO THE VILLAGE

No bid proposal will be accepted from, nor will any Contract be awarded to any person or entity who is in arrears to the Village upon any debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to said Village, or who is otherwise deemed irresponsible or unreliable by the Village of Sands Point.

34. INCONSISTENCIES

Any seeming inconsistency between provisions of the bid document and the Contract, or any point requiring explanation, must be inquired into by the Bidder in writing, at least five (5) days prior to the time set for opening the bids.

35. FORM OF PROPOSAL

The bid proposal must be made upon the Bid Proposal forms attached hereto. These forms must be completed as provided in these instructions to Bidders and must be signed where indicated and contain the full name and address of the person, firm, or corporation interested in the bid proposal. In the case of a corporation, the title of the officer signing must be included on the forms.

36. OWNERSHIP

Bidders shall submit a list of all officers and of all stockholders who own ten (10%) percent or more of their respective companies.

37. REFUSAL TO TESTIFY

If any person, when called to testify before a grand jury, head of state department, temporary state commission or other state agency, organized crime task force, head of municipal department, or other municipal agency or public entity which is empowered to compel the attendance of witnesses and examine them under oath to testify in an investigation concerning any transaction or contract had with the State of New York, or any political subdivision thereof, a public authority, or with any public department, agency or office of the State, or with any political subdivision thereof, refuses to answer any relevant question concerning such transaction or contract even though offered appropriate immunity, then any such person or firm, partnership, or corporation of which he or she is a member, partner, director or officer shall be disqualified for a period of ten (10) years after such refusal from submitting bids to, receiving awards from, or entering into any contracts with the Village of Sands Point or any department or agency or official thereof. If such a person refuses to answer any relevant question as aforesaid, then the Agreement may be terminated by the Village.

38. SEXUAL HARASSMENT PREVENTION AND TRAINING

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that the bidder has and has implemented a written policy addressing sexual harassment prevention in the workplace and provides annual sexual harassment prevention training to all of its employees. Such policy shall, at a minimum, meet the requirements of section two hundred one-g of the labor law.

COUNTY OF Nassau)

Augustus Frampton, being duly sworn, deposes and says that:

(1) (S)He is (owner, partner, officer, representative, or agent) Owner of Signarama, the Bidder that has submitted the attached Bid; and

(2) By bidding on this Contract, each Bidder and each person signing on behalf of the Bidder certifies, and in the case of a joint Bid each party thereto certifies as to its own organization, that the Bidder and each parent and/or affiliate of the Bidder has not: (a) been indicted for or convicted of a crime in any jurisdiction; (b) been suspended, debarred, found not responsible or otherwise disqualified from entering into contracts with any governmental agency or been denied a government contract or Agreement for failure to meet prequalification standards; (c) had a contract or Agreement terminated by any governmental agency for breach of contract or for any cause related directly or indirectly to an indictment or conviction; (d) changed its name and/or Employer Identification Number (Taxpayer Identification Number) following his having been indicted, convicted, suspended, debarred or otherwise disqualified, or had a contract or Agreement terminated as more fully provided in (a), (b), and (c) above; (e) ever used a name, trade name or abbreviated name, or an Employer Identification Number different from those set forth in this Proposal; (f) been denied a contract or Agreement by any governmental agency for failure to provide the required security, including bid, payment or performance bonds, or any alternative security deemed acceptable by the agency letting the contract or Agreement; (g) failed to file any required tax returns or failed to pay any applicable federal, state, or local taxes; (h) had a lien imposed upon its property based on taxes owed and fines and penalties assessed by any agency of the federal, state or local government; (i) been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or a civil- antitrust investigation by any federal, state or local prosecuting or investigative agency; (j) had any sanctions imposed as a result of a judicial or administrative proceeding with respect to any professional or other license held or with respect to any violation of a federal, state or local environmental law, rule or regulation; or (k) shared space, staff and/or equipment with any other business entity which would itself not be qualified to execute this Certificate, based upon an inability to certify as to any element of (a) through (j) herein. The foregoing certification as to "(a)" through "(k)" shall be deemed to have been made by the Bidder as follows: if the Bidder is a corporation, such certification shall be deemed to have been made not only with respect to the Bidder itself, but also with respect to each director, officer and managerial employee, as well as, to the best of the certifier's knowledge and belief, each stockholder with an ownership interest in excess of 10%; if the Bidder is a partnership, such certification shall be deemed to have been made not only with respect to the Bidder itself, but also with respect to each partner, and managerial employee.

(3) By bidding on this Contract, each Bidder and each person signing on behalf of the Bidder certifies (a) that no person (s) involved directly, indirectly or beneficially in the ownership or management of the Bidder's business (regardless of type of business), proprietorship, partnership, corporation, limited liability company or partnership, association or any other form of business entity, have ever been convicted of any felony or misdemeanor; (b) that no person (s) involved directly, indirectly or beneficially in the ownership or management of the Bidder's business (regardless of type of business), proprietorship, partnership, corporation, limited liability company or partnership, association or any other form of business entity, has had any business or professional license suspended or revoked, or within the past ten (10) years prior to bidding, had any sanctions imposed in excess of $50,000 as a result of any judicial or administrative proceeding with respect to any violation or a federal, state or local environmental law, rule or regulation; and (c) that no person (s) involved directly, indirectly or beneficially in the ownership or management of the Bidder's business (regardless of type of business), proprietorship, partnership, corporation, limited liability company or partnership, association or any other form of business entity, has had any sanction imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid- rigging, embezzlement, misrepresentation, or anti-trust regardless of the dollar amount of the sanctions or the date of their imposition.

Moreover, the foregoing certification, if made by a corporate Bidder, shall be deemed to have been authorized by the Board of Directors of the Bidder, and such authorization shall be deemed to include the signing and submission of the Bid and the inclusion therein of such certification as the act and deed of the corporation. In any case where the Bidder cannot make the foregoing certification, the Bidder shall so state and shall furnish with the signed Bid a signed statement which sets forth in detail the reasons therefor. If the Bidder is uncertain as to whether it can make the foregoing certification, it shall so indicate in a signed statement furnished with its signed Bid setting forth an explanation for its uncertainty.
Notwithstanding that the certification may be an accurate representation of the Bidder's status with respect to the enumerated circumstances provided for in this clause as requiring disclosure at the time that the Bid is submitted, the Bidder agrees to immediately notify the Village in writing of any change in circumstances during the period of irrevocability of Bids on this Contract.

The foregoing certification or signed statement shall be deemed to have been made by the Bidder with full knowledge that it will become a part of the records of the Village and that the Village will rely on its truth and accuracy in awarding this Agreement. In the event that the Village determines at any time prior or subsequent to the award of the Agreement that the Bidder has falsely certified as to any material item in the foregoing certification; willfully or fraudulently submitted any signed statement pursuant to this clause which is false in any material respect; or has not completely and accurately represented its status with respect to the circumstances provided for in this clause as requiring disclosure, the Village may determine that the Bidder is not a responsible Bidder with respect to its Bid on this Contract or with respect to future bids and may, in addition to exercising any other rights or remedies available to it, exercise any of the rights and remedies set forth in these documents. In

addition, Bidders are advised that knowingly providing a false Certification or statement pursuant hereto may be the basis for prosecution for offering a false instrument for filing (see

e.g., New York Penal Law, Section 175.30 et seq.). Bidders are also advised that the inability to make such certification will not in and of itself disqualify a Bidder, and that in each instance the Village will evaluate the reasons therefor provided by the Bidder.

As used in these documents, the following terms shall mean:

Affiliate - An entity in which the parent of the Bidder owns more than fifty percent of the voting stock, or an entity in which a group of principal owners which owns more than fifty percent of the Bidder also owns more than fifty percent of the voting stock. When used herein members of a family means parents, spouses, children, siblings, uncles, aunts, grandparents, grandchildren, first cousins, stepchildren, stepsiblings, and parents-in-law, and spouses of any of the foregoing.

Officer - Any individual who serves as chief executive officer, chief financial officer, or chief operating officer of the Bidder by whatever titles known.

Parent - An individual, partnership, joint venture or corporation which owns more than 50% of the voting stock of the Bidder.

Staff Sharing - Staff shall be considered to be shared when any individual, business or not- for-profit organization provides the services of an employee, whether paid or unpaid, to the Bidder and also, on either a regular or irregular basis, provides the services of an employee, paid or unpaid, to one or more other business(es) and/or not-for-profit organization(s), if such services are provided during any part of the same hours the individual is providing services to the Bidder or if such services are provided on an alternating or interchangeable basis between the Bidder and the other business(es) or not-for-profit organization(s). The services of an employee(s) should be understood to include services of any type or level, including managerial or supervisory. This type of sharing may include, but is not limited to, individuals who provide the following services: telephone answering, receptionist, delivery, custodial, and driving.

Equipment Sharing -Equipment shall be considered to be shared whenever the ownership and/or the use of any equipment is shared with any other business or not-for-profit organization. Such equipment may include, but is not limited to, telephones or telephone systems, photocopiers, computers, motor vehicles, and construction equipment. Equipment shall not be considered to be shared under the following two circumstances: when, although the equipment is owned by another business or not-for-profit organization, the Bidder has entered into a formal lease for the use of the equipment and exercises exclusive use of the equipment; or when the Bidder owns equipment that it has formally leased to another business or not-for-profit organization, and for the duration of such lease the Bidder has relinquished all right to the use of such leased equipment.
