ONCE UPON A TIME...

The British tradition of High Tea began in the mid-1700s as an afternoon meal usually served between 3 and 4 o'clock.

Initially, it was a meal for the working man, taken standing up or sitting on tall stools, thus 'high'. Tea with cakes, scones and even cheese on toast would have been served.

Gradually, this afternoon meal became more known as an important event on the social calendars of Ladies and Gentlemen, rather than a meal for the working man.

For the 'leisure classes', High Tea served a practical purpose, allowing ladies and gentlemen the opportunity of substantial sustenance before attending the theatre or playing cards.

It was around this time that one John Montagu, the Fourth Earl of Sandwich, had the idea of placing meat and other fillings between two slices of bread. Thus, the High Tea sandwich was created.

Teas so different that there is a tea for every mood.

BLACK TEAS

BRILLIANT BREAKFAST

A bright and bold morning tea. Perfectly rounded, with body, strength, colour and pungency, the essence of a fine Ceylon Tea. The beautifully even Broken Orange Pekoe grade leaf yields a burgundy coloured brew, which is robust and strong yet bright with energetic personality.

THE ORIGINAL EARL GREY

The legend of Earl Grey Tea is one of politics and intrigue. When a British diplomat saved the life of an official of the Imperial Chinese Court, a special gift of black tea enhanced with the peel of Bergamot, a pear-shaped citrus fruit, was given to Charles, 2nd Earl of Grey, then Prime Minister of England. This original Earl Grey tea offers a rich and strong Ceylon brew enhanced with the oil of Bergamot; a distinctive and unique flavour.

PEACH

A gentle fruity aroma with a softly sweet fragrance, yielding an elegant and bright tea with a touch of peach. This high grown Ceylon Pekoe from Dilmah Tea Gardens in the Dimbula Valley, produces a medium bodied tea that deliciously complements the soft peach flavour.

ROSE WITH FRENCH VANILLA

A seductive tea, combining a fine Single Region Pekoe from the Nuwara Eliya region with the sensuous and almost mystical fragrance of Rose Petals. This gentle tea is encircled by the soft and slightly sweet aroma of red Rose, an alluring and gentle brew. The Rose fragrance is tinged with French Vanilla.

GREEN TEAS

GREEN TEA WITH JASMINE FLOWERS

A mild and delicate tea with a pale yellow infusion and pronounced Jasmine aroma. Green Tea naturally enriched with Jasmine flowers has been a favourite of the Chinese since the Southern Song Dynasty. The sweet smelling Jasmine flowers are mixed with Green Tea to naturally impart their fragrance and distinctive flavour. A delicious palate cleanser after strong tasting or rich food.

SENCHA GREEN EXTRA SPECIAL

A fresh and delicate tea, Sencha is steamed in a unique variation to the traditional manufacture of Green Tea. Favoured in Japan for its mildness, Sencha offers a light infusion with a grassy aroma and gentle taste. A smooth, herbal finish and a hint of sweetness makes Sencha a pleasing and refreshing

Green Tea that can be enjoyed throughout the day, especially as an accompaniment to salads and fish.

INFUSIONS

PURE PEPPERMINT LEAVES

Savoured as a refreshing beverage since Roman times, Peppermint is naturally caffeine free, ideally enjoyed with or after meals. The natural Peppermint oil in the leaves imparts a menthol fragrance and flavour in a gentle beverage.

Peppermint with a touch of honey is a delicious palate cleanser and an enjoyable natural infusion.

PURE CHAMOMILE FLOWERS

Chamomile is a gentle and relaxing herb enjoyed for centuries as a herbal tonic. Its subtle flavour is concentrated in the daisy-like flower, which has a wonderfully fragrant aroma, reminiscent of apples. This infusion of Chamomile flowers offers a serene and mild brew. It is a gentle, naturally caffeine free infusion that is perfect at any time of day.
