WHS Consultation is a 2 way communication process between the PCBU, managers, supervisors and workers and other persons in your workplace where they:

- talk to each other about health and safety matters
- listen to concerns and raise concerns
- seek and share views and information, and
- consider what workers & others say before deciding

For more information see page 7 of the WHS Consultation, Co-operation and Co-ordination Code of Practice and sections 46 to 49 of the WHS Act 2011

This publication provides general information about WHS. It is not a legal opinion and does not represent a comprehensive statement of the law to be applied to a particular problem.
