Sponsoring Organizations

Physicians for Social Responsibility (PSR) Philadelphia: PSR promotes social responsibility by protecting health, the environment, and communities through education, training, direct service, and advocacy. PSR Philadelphia is a public health, 501(c)(3) non-profit organization which fulfills its mission through programs focused on health and the environment and working with youth. www.psrphila.org

Partners in Health (PIH) Engage Philadelphia: Partners in Health is a global justice organization focused on bringing quality healthcare to the world's poor. PIH Engage Philadelphia is a local chapter of Partners in Health that is dedicated to holding community education events on global health topics, fundraising for global health initiatives, and advocating for Congressional legislation that improves health outcomes around the world. Contact us at pihengagephilly@gmail.com

Penn Nursing: The University of Pennsylvania School of Nursing is a world-class institution of clinical education, research, and community engagement that offers a diverse array of undergraduate and graduate-level degree programs. Ranked as both the best nursing school in the world and the school with the most #1 programs in the country, Penn Nursing advances the entire profession, from practice to policy. For more information, please visit www.nursing.upenn.edu

The Center for Public Health Initiatives (CPHI) at the University of Pennsylvania: The CPHI was founded in 2007 by the University of Pennsylvania to act as an interdisciplinary public health center that brings together faculty, staff, and students from across Penn's campus. The mission of CPHI is to improve health and quality of life by expanding and strengthening public health education, research and practice, fostering cross-disciplinary collaboration, and promoting meaningful community/academic partnerships. For more information, visit www.cphi.upenn.edu

The Department of Family Medicine and Community Health at the Perelman School of Medicine: The Department of Family Medicine and Community Health advances Penn's local and global impact by promoting health in Southeastern Pennsylvania through innovative and nationally recognized primary care, research and educational programs. For more information, please visit <http://www.med.upenn.edu/fmch>

Perelman School of Medicine Chapter of the American Medical Association Medical Student Section: The AMA-MSS is the largest organization of medical students in the country, and provides students with an opportunity to participate in advocacy and policy making at the local, state, and national level. Students can participate through resolution writing or by attending the national House of Delegates, where physicians and students come together to vote on future policy AMA policy.
