**R**eference in consultation with communities where we do business is crucial to our efforts to integrate and be a functional member of the social fabric. Maintaining our social license to operate is important as we work to ensure Namibian's share in the benefits from our business development activities. Educating the disenfranchised is a priority in our social engagement policy. This coupled with spending locally and employing Namibians also augments the economic benefits delivered to the local community.

To spearhead our drive to support and add value, Nabirm donated over 10,000 educational materials, books, teaching aids and computers to the educational system in Namibia. The items are a donation from Nabirm's corporate headquarters in the great state of Alabama in the United States. Working with local corporate organizations, community leaders, non profits and several individuals within community was vital in both the identification of impoverished schools and dissemination of the materials to these schools in different regions throughout Namibia.

We would like to take this opportunity to especially thank the Sam Nujoma Foundation for partnering with Nabirm to help distribute over 3000 books to impoverished schools all over Namibia in the 2013 school year.

We also thank like to thank the following individuals & organizations for their efforts in helping with the Nabirm Education Drive;

- Mr George Nelulu & The O-ukwanyama Traditional Authority, disseminated over 1500 books in the Ohangwena Region of Namibia;
- Chief Executive Officer of Cenored, Mr. Mburumba Appolus disseminated over 2000 books in Otjiwarongo in the Otjozondjupa Region of Namibia;

On behalf of Nabirm's board of directors, management, staff and stakeholders all over the world, we wish all happy holidays. May the Lord bless you and keep you, may his face shine upon you and be gracious to you. May he lift up his countenance and give you peace.
