EVENT DETAILS

Registration opens at 8:00am and will close at 8:30am. Late entries will be accepted up until 8:00am. The names of each swimmer, their number and start time will be posted on the side of the Change Room building in the Registration Area. All swimmers must Register with officials and have their swimming number marked on them and receive their swim caps. Please make a note of: the name of the swimmer you will follow; and the name of the swimmer who will follow you. Also remember that the swimmer numbers are not sequential and to make allowance if the swimmer listed before or after you is not swimming.

The Compulsory Race Briefing will commence at 8:30am in front of the Change Rooms. Registered swimmers must attend ready to swim. Swimmers who are not present for the Compulsory Race Briefing will not be allowed to swim.

At the conclusion of the Race Briefing, swimmers will walk up the beach to the Start/Finish line on the eastern side of the small groyne.

The race will commence at approximately 9:00am at an in-the-water (knee deep) Start line, on the eastern side of the small groyne located on Doddi's Beach at the eastern end of the course, see Course Map.

Prior to the start, swimmers will line up on the beach in single file starting order, with the first swimmer at the front of the line. Once in order, the Starters will call for the line to move into position with the first swimmer at the Start line. Thereafter, each swimmer will start when the Starter calls their number or name.

Swimmers will complete the course marked by the orange dashed line, shown on the Course Map, in a clockwise direction keeping all buoys to their right. After the last turning buoy, swimmers shall head straight to the Start/Finish line.

To ensure swimmers maintain the correct course, paddlers will be stationed around the course and, in particular, near the final turn buoy and along the last leg. However, paddlers are not to assist or interfere with any swimmer unless that swimmer indicates the need of assistance or is to be removed from the water.

A Spotter/First Aid Officer will patrol the beach during the swim. In the case of an emergency, the Spotter will sound 3 short blast from an air horn and all swimmers must then leave the water as quickly as possible.

After finishing, swimmers will make their way directly to shore and line up on the beach in finishing order as directed and remain so until released by the Starter/Finish Judges.

The event will have a designated time limit of 1:00 hour from the start time of the first swimmer.
