ABOUT THE SUMMIT

Description & Goals

This Summit is a unique forum for professionals across all disciplines and philosophies to gather for in-depth exchange of current information on all facets of violence, abuse and trauma prevention, intervention and research. We are one of the very few events that include researchers, practitioners, advocates, survivors, and front-line workers from all disciplines to share information, discuss controversial issues, and engage in difficult dialogues. We strive to infuse our theme of Unifying Voices Against Violence and Abuse into the presentations as well as into the thoughtfulness and professionalism reflected throughout the Summit. We continue to focus on linking research, practice, policy and advocacy.

The vision of the Summit organizers, co-sponsors, collaborating organizations, exhibitors, and participants is to make a significant, positive impact on eliminating all forms of violence, abuse, and trauma everywhere. We are expecting over 1,000 attendees from around the globe to come together drawing from multi-ethnic and multicultural perspectives. Opportunities for networking are scheduled into the program to enhance informal discussions of cutting-edge research, prevention and intervention strategies, policy changes, innovative methods, healthcare approaches, advanced clinical concepts and skill-building essentials.

J.R. Martinez
Breaking the Cycles

"Many of us believe that what we are born into will become our destination. I've been on a 36-year journey of breaking the patterns by forgiving, accepting, being honest, and relying on a strong support system. Learning to not give an incident or someone power that prevents us from reaching our true destination is key." Mr. Martinez has been featured in the Los Angeles Times, Washington Post, New York Times, US Veterans Magazine, and was featured on the cover of People Magazine, in their annual Sexiest Man Alive issue, and was named one of their Most Intriguing People of 2011. Martinez is the author of the New York Times best-selling book Full of Heart: My Story of Survival, Strength, and Spirit, a memoir about how he was able to take his own personal tragedy and turn it into an inspiration for others.

Presenting Friday, September 6th, 10:30 am -12:30 pm

Elizabeth Petersen, MSW
Advancing Faith-Based and Culturally Informed Strategies to Address Violence Against Women in Post-Apartheid South Africa

Elizabeth Petersen’s journey within the violence against women sector dates back to 1993 as a social worker at St. Anne’s Homes in Cape Town, a century old Anglican shelter caring for abused and homeless women and children. Together with her colleagues in the shelter sector, the Western Cape Transitional and Special Needs Housing Forum was established, and she played a key role in helping to establish the Shelter Movement of SA. In 2018 Elizabeth’s contribution to the South African society was acknowledged at the inaugural Survé Philanthropies Imagine Awards where she received an Imagine Award in the Women category. Join Ms. Petersen in a discussion with the hope that lessons learned can contribute to the broader pool of new thinking and debate on the complex intersections of race and gender dynamics in the quest to heal intimate partner abuse.

Presenting Friday, September 6th, 10:30 am -12:30 pm

Honorable Charles B. Schudson, JD
Independence Corrupted / How America’s Judges Really Make Their Decisions

Following forty years as a prosecutor, trial and appellate judge, law professor and Fulbright Scholar, Charles Schudson comes from behind the trial bench to reveal the real determinants of decision-making and sentencing – of abortion protesters, sex predators, murderers and more. He opens the doors of appellate chambers to expose the complex factors affecting appeals of rape convictions, multi-million dollar judgments, and priceless civil rights. In his plenary address, Judge Schudson shares critical themes of his award-winning new book, Independence Corrupted / How America’s Judges Make Their Decisions (2018). A nominee for the 2018 National Book Award, Independence Corrupted is both a scholarly treatise and a deeply personal memoir of judicial decision-making – good, bad, and ugly – describing how both settled law and unsettling “corruptions” control America’s courts.

Presenting Friday, September 6th, 10:30 am -12:30 pm

Lili Bernard, MFA
The Cult of Rape Culture

Lili Bernard is a Cuban-born, Los Angeles-based interdisciplinary artist of mixed African, Caribbean, European and Chinese descent. Ms. Bernard will present a deconstruction, through a personal, artistic narrative, of the generational, cult-like nature of rape culture, through the lens of a sexual assault survivor. A mother of six whom she birthed in a ten-year span, Lili is an exhibiting fine artist, an actor, published writer, independent curator, educator, community organizer, public speaker and founder of BAILA: Black Artists in Los Angeles. Her work examines issues of sexism, racism and trauma. A Cosby survivor-turned public-figure antirape activist, Lili influenced the abolishment of the statute of limitations on rape prosecution in California with her #EndRapeSOL peers. Currently, she serves as co-chair of #ERAnow. Photo by Kate Kelton.
