

Applicability

This Schedule is applicable to individual family accommodations devoted primarily to residential, household and related purposes (as distinguished from commercial, professional and industrial purposes), to general farm service on a farm, where the residence on such farm is supplied through the same meter, and to public dwelling units as provided in Special Provision 1.

Character of Service

Alternating current at a frequency of approximately 60 Hertz: 120 volts, 120/208 volts or 120/240 volts, single phase, as specified by the District. Three phase service may be specified and supplied by the District at its option for residential heating and/or air conditioning loads.

Monthly Charges

The total amount of a customer's bill, excluding applicable local and state taxes and surcharges, will be the sum of the charges listed below and any adjustments for Special Provisions, effective on the date of meter reading for each account.

Customers provided service on this Rate have been granted a fifty percent (50%) discount on the first 500 kilowatt-hours of usage per month. Remaining kilowatt-hours will be billed at the applicable Rate Schedule. All special conditions and minimum charges of the Residential Rate Schedule remain in force.

Summer (May – September)	Winter (October – April)
Fixed Monthly\$20.00	Fixed Monthly\$20.00
Electric Usage (per kWh):	Electric Usage (per kWh):
First 500 kWh\$0.0725	First 500 kWh\$0.0601
Over 500 kWh\$0.1808	Over 500 kWh\$0.1498

Territory Served

The entire area within the Modesto Irrigation District electric service boundary or any other area served by Modesto Irrigation District pursuant to the laws of the State of California and the District's Electric Service Rules.

Special Provisions

1. Multiple Dwelling Units

Apartment houses, or groups of apartments in the same building or on the same premises, which are not "NEW BUILDINGS" as that term is used in Section 113(b)(1) of the Public Utility Regulatory Policies Act of 1978 (PURPA), may receive service under this Schedule through one meter, provided that such energy is not resold by the apartment owner or any other agency. When service is thus taken, the customer shall be put on the applicable Residential D Rate.

2. Medical Life Support Discount

Residential customers who provide the required physician's certification, approved by the District, will be able to apply for the discounted Medical Life Support Rate. To qualify, a physician licensed to practice medicine in the state of California must establish that a resident of the household is the doctor's patient and the resident is:

- a) Dependent uses an electric wheelchair, oxygen concentrator, in-home dialysis cyclor or other life support device. Devices used for therapy rather than life support do not qualify. The device must be plugged in and not battery operated.
- b) A paraplegic, hemiplegic or quadriplegic person with special heating or air conditioning needs.
- c) A person with multiple sclerosis, scleroderma or has a compromised immune system, life threatening illness, or any other condition for which additional heating or cooling is medically necessary to sustain the person's life or prevent deterioration of the person's medical condition.
- d) The life support device(s) and/or condition requiring additional heating or cooling will be required for a minimum of 12 months.

Eligibility for the Medical Life Support Rate must be approved by the Energy Services Supervisor and physician's confirmation is required annually, except when the patient is permanently disabled and income information is confirmed by official documentation, confirmation is required every two years. It is the responsibility of the District's customer to notify the District of a change of equipment or if the equipment is no longer needed.

To be eligible to receive this Rate, the customer must qualify under the eligibility criteria set forth herein and meet certification requirements thereof to the satisfaction of the District. Total gross annual income for all persons in the customer's household may not exceed the HUD median family income effective October 1 of the previous year (the higher of San Joaquin or Stanislaus counties).

3. Income Certification

Customers must submit an application to the District or its designated certification agent(s) with proof of income satisfactory to the District including Internal Revenue Service Form 4506-T for all adults (18 years of age or greater) living in the residence. Eligibility will be determined based on this Rate Schedule.

Customers suspected of providing incorrect or incomplete information for this Rate may be required to re-certify at any time. Further, the District reserves the right to conduct random audits to determine a customer's eligibility. Failure by any customer asked to provide proper proof of eligibility will result in disqualification of customer's eligibility to receive this Rate. It is the responsibility of the customer to immediately notify the District when the customer is no longer eligible for this Rate.

4. Air Conditioning Controlled Load Service (S.T.E.P.)¹

Service under this Schedule is provided to customers who have District-controlled electric central refrigerative air conditioning which, in the opinion of the District, is suitable for controlled service.

4.1 Written Consent

Service under this Schedule shall be provided only upon the written consent of the customer and the owner of the air conditioning equipment (or their authorized agents). Written consent to stop service under this Provision shall be obtained from new customers and owners within thirty (30) days after such service is established at locations where control equipment is in place.

4.2 Control Period

Air conditioning cycling control will be accomplished between the hours of 8:30 a.m. and 10:30 p.m. by interruption of controlled air conditioners for a period not to average more than 10 minutes nor exceed 12 minutes each half-hour. Air conditioners will not be interrupted on Sundays except as noted in Special Provision 4.7.

4.3 Rate Discount

The following discount will commence with the first billing period reflecting June consumption, and the following three consecutive billing periods. If electric service is terminated, the current available S.T.E.P. credit will be issued on a prorated basis.

	Monthly Discount
<u>June 1 to September 30:</u>	<u>(Dollars per Controlled Load per Month)</u>
Central Air Conditioning Cycling.....	\$ 5.00

4.4 Discount Billing Period

The control discount for central air conditioning is in effect for four (4) consecutive summer billing periods beginning with the June billing period.

4.5 Suitable Equipment

Controlled loads will be limited to permanently installed electric central refrigerative air conditioning equipment served from a branch circuit(s) exclusively devoted to such loads. Air conditioning equipment must have a compatible low voltage control circuit, control energy source, and accessible control equipment mounting location as determined by the District.

4.6 Multiple Central Air Conditioning Units

Electric central refrigerative air conditioning systems equipped with multiple compressor units require the installation of District control equipment on all compressors. Multiple discounts apply to such installations.

4.7 Emergency Control

All controllable loads shall be subject to curtailment when, in the District's sole judgment, its generation and purchase capacity or energy resources, transmission capacity, or any combination of these is needed to meet the demands of its other customers and to prevent an otherwise avoidable outage. Emergency control under these circumstances may exceed the restrictions of Special Provision 4.2.

¹ S.T.E.P. service under this Schedule is re-opened for new sign-ups effective January 1, 2001, and will remain open subject to the availability of load control equipment in the District's inventory. The District may terminate acceptance of new sign-ups without further notice if it determines that its inventory of load control equipment is or will be fully utilized.

4.8 Installation, Maintenance and Removal

Control mechanisms and associated equipment will be installed, tested, and maintained at the direction of the District at locations selected by the District and at no expense to the customer. Upon termination of this Schedule with respect to any customer, all wiring will be returned to normal operating conditions at the District's expense.

5. Energy Assistance Program

A discount of 60% will be applied to the Fixed Monthly Charge and a discount of 23.1% will be applied to the first 850 kWh of Electric Usage for low income customers who meet eligibility requirements and are enrolled in the MID CARES program as outlined in Electric Service Rule No. 19.

6. Electric Service Rules

Service under this Schedule is subject to the District's Electric Service Rules as they may be amended from time to time.
