Tel: 604-985-9383.

August 23, 2016,

Court of Appeal for BC  
The Law Courts  
400 - 800 Hornby Street  
Vancouver, BC  
V6Z 2C5

The Manager,

Dear Sir/madam

**Ref: Court of Appeal File No. CA43276.**

I humbly request that my proposed application on September 14, 2016 is heard by the Honourable Chief Justice Mr. Robert James Bauman and he stay sized of this appeal. I also would like to request the registry that this application will take more than 30 minutes.

I particularly request this application be heard by Honourable Chief Justice so that he can see for himself how the lives, the reputation, and image of a litigant is destroyed by the Supreme Court trial judge by willfully fabricating the trial evidence submitted in the trial and willfully deprive and inflict enormous damage on the state by fabricating and misstating the facts in reason for judgement.

Despite the fact that the fabricated reasons were brought to the attention of the trial judge before the order was sealed to correct the fabricated reasons the trial judge willfully declined to correct the fabricated reason for judgement which is plain and obvious to any reasonable and knowledgeable observer and clearly evident in the trial that the trial judge willfully refused to correct the fabricated reasons for judgement and willfully inflicted the injuries on the plaintiff who appeared before the trial judge in good faith expecting a fair just and honest verdict based on the facts and evidence submitted in the trial.

The plaintiffs have proved their burden of proof and the defendant's negligence and breach of contract with "Cogent evidence" written evidence of the defendants submitted in the trial. It is unjust and contrary to the constitution of Canada that the court imposes a burden of costs of appeal on the plaintiffs based on the trial judge's willfully fabricated reason for judgement

rendered by a supreme court judge contrary to the oath of office, and contrary to the allegiance pledged to support the constitution of Canadian and uphold the rule of law,

The Plaintiff request that this matter is resolved by the appeal court on an expedite bases so that the plaintiff can go for his colon cancer treatment pending since February 2016.

Kind Regards,  
  
Mohd. Ali Hirji.

Cc International Tribunal for Natural Justice.

Cc Minister of Justice and Attorney General of Canada The Honourable Jody Wilson-Raybould.
