

**A National Network for Applications of High-Field NMR in the Life and Physical Sciences**

**Scottish High field NMR Centre  
Opening Symposium**

**School of Chemistry, University of Edinburgh, Room T100, January 8, 2019**

	Time	Speaker	Affiliation	Talk Title
Opening remarks	14.00 - 14.05	Prof Andy Mount, Dean of Research	University of Edinburgh	
	14.05 – 14.20	Prof Dušan Uhrín	University of Edinburgh	Introduction to the Scottish High-Field NMR (SHF NMR) Centre
Scientific presentations Chairperson: Dr John Parkinson	14.20 – 14.40	Mr Scott Jarmusch	University of Aberdeen	Class II lasso peptides from extremotolerant <i>Streptomyces sp.</i>
	14.40 – 15.00	Prof Sharon Ashbrook	University of St Andrews	Disorder in Inorganic Solids: Exploiting Multinuclear NMR Spectroscopy and DFT Calculations
	15.00 – 15.20	Dr Nicholle Bell	University of Edinburgh	Using NMR to probe the state of soils
	15.20 – 15.40	Dr Brian Smith	University of Glasgow	Seeing (previously) invisible cation binding sites by NMR
