

HONINGHAM

NORFOLK.

ROLL OF HONOUR

1914 -1918.

H. A. G. CARLISLE

TO THE GLORY OF GOD
AND IN REMEMBRANCE OF THE
MEN OF HONINGHAM WHO
FOUGHT FOR THEIR COUNTRY IN
THE GREAT WAR AUG 4TH 1914
TO NOV 11TH 1918.

THEIR NAME LIVETH FOR EVERMORE

FORWORD.

The year 2018 marks the centenary of the end of the Great War, 1914 -1918. The Parish of Honingham was mainly an agricultural community at the time of the Great War. Nevertheless the men of the land volunteered in 1914 and 1915 to join the armed forces in the struggle to prevent the German invasion of Belgium and France, and when conscription came in 1916, they gave their full support to the cause.

Seventy one men went from Honingham to fight for King and Country; eighteen were to lose their lives. The Roll of Honour in St Andrews Church and the Roll of Honour opposite The Buck Inn, Honingham list them all.

When those Rolls of Honour were compiled in the early 1920's, the names listed held a significance to the local population, however, with the advent of time and the frequent movement of the related inhabitants, they have now become, to the many, 'Just a Name'.

My Grandfather, Albert George Howard, is one of those names, a man from a large Honingham family, and a man of the land, a Norfolk man through and through, a soldier in the Norfolk Regiment. It is to his memory that I dedicate this Directory of ALL of those men from Honingham who took up arms in the struggle against the might of the German nation.

The Roll of Honour on the green opposite The Buck Inn, dedicated, **"In Memory of "Curly" and The Heroic Dead"**, gives the names of all the men of Honingham, and indeed those from East Tuddenham, who perished. A Memorial, I believe, bequeathed by Lady Agatha Eleanor Augusta Fellowes, from Honingham Hall, in memory of her son, Captain, Hedworth George Ailwyn Fellowes.

In St Andrew's Church, Honingham, is a comprehensive list of names of those that left the village to fight, with those that failed to return highlighted in a different colour. There is one name on the Roll of Honour opposite the 'The Buck', which is missing from the Church Roll of Honour, William Jessup, (he is buried in St Andrews Churchyard).

In recognition of all those men I have attempted through this Directory to give them an identity. When, and where, they were born, their family details, their Regiment and Army number, and any other relevant information that was discovered.

It has not been an easy task; some men left a larger 'footprint' than others. Nevertheless, a great majority were identified. Unfortunately, there are a few who have escaped the net of recognition, and have not, to date, been found.

These unidentified men do not appear in the census returns as being born or dwelling in Honingham, with the last census being taken in 1911, and with the high degree of mobility of the labour force, there is a likelihood that they moved into the village after that date. Those names that have no details are numerous in other locations. Also presenting a problem was that the name sometimes shown was not strictly correct. Their second Christian name was obviously their popular name of the time, with also the spelling varying.

There is every possibility with the release of the 1921 census; some of the missing names will come to light.

Adding to the endeavour of identification was the absence of available military records; this was due to the blitz of the Second World War destroying thousands of First World War records. Thankfully, a number survived.

Those that died have their names highlighted in **Red Capitals**; all are in alphabetical order to make it easier for reference.

I have without prejudice tried to give the correct information, should any cause to challenge what has been found, I will most willingly amend any fact, supported with the indisputable evidence.
