The Richest Coffee In The World®

## ABOUT CALIMA

Calima Coffee Pty Ltd is an Australian coffee roasting and wholesale company. Their modern engineered roasting and packing production lines ensure high standard of quality control and freshness of the CALIMA coffee.

Incorporated in 1999, FOX Corporation (Malaysia) Sdn Bhd is the exclusive distributor for Calima Coffee in Malaysia with strong distribution channels through appointed dealers as well as leveraging on e-commerce for direct distribution.

We have been involved in food and beverage business for more than 15 years and specialise in supplying to the food service industry (cafes, restaurants, etc.), hotels, home consumers, office/business suppliers and wholesalers.

Our brand vision is to offer the finest coffee taste to the Malaysian market.

## CALIMA PRODUCT

CALIMA is 100% Colombian coffee with a distinctive rich and pleasurable clean taste. Our beans are from the Cauca region of Colombia, now referred to as the CALIMA region which is one of the major coffee growing areas of Colombia.

Given the rich nutritional soil, altitude and climatological advantages of the area, the coffee crop is of superb quality. From planting to harvesting, washing and packing, the beans are repeatedly tested to ensure quality standards are met.

No wonder our coffee is referred to as "The Richest Coffee in the World"®. CALIMA coffee is proudly endorsed by the National Federation of Coffee Growers of Colombia, whose mission, since 1927, is to pursue the common welfare of Colombian coffee growers and their communities. Whatever style of coffee, espresso, cappuccino, latte or any other coffee drink, one clearly appreciates the distinctive taste of CALIMA coffee.

Exclusively Distributed By
