

Welcome to the Center of Applied Technology North

If your student is scheduled to attend our **AM Career Exploration** course this **Fall Semester 2019**. They will attend CATN during their first period class on B days from 7:38-8:43am.

If your student is scheduled for our **PM Career Exploration** course this **Fall Semester 2019**. They will attend CATN directly after school on Tuesdays and Thursdays from 2:48-3:58pm.

Contact your student's high school counselor to make sure that CATN is on their schedule. **Please be aware that attendance is mandatory. Students who do not attend regularly will receive an Unsatisfactory on their report card and may be withdrawn from the program.**

Career Exploration is an opportunity for students to experience **FOUR** different career rotations during the course of one semester.

Every effort is given to scheduling students into their top choices, however, they may be scheduled into any of the ten preferences they selected on their application. Students that submitted an application after the deadline were scheduled into rotations based on space availability.

If you attend **AM Career Exploration** bus transportation will be provided in the morning from your high school to CATN, and then back to your high school in time for second period. Upon arrival in the morning your student should get directly on the CATN bus, they **DO NOT** go into their high school first or they will miss the CATN bus. Please call your child's high school to find out where the CATN bus will be located.

If you attend **PM Career Exploration** bus transportation will be provided at the end of the regular school day from your high school to CATN. After the 2:18pm dismissal your student should immediately get on the CATN bus. Contact your child's high school to find out where the CATN bus will be located in the bus line up after school.

If your student is no longer interested in participating in our Career Exploration Program be sure to contact the CAT North counseling office ASAP at 410-969-3100
