

QUADRO BOOTLACE FERRULE TOOL

Multi-Talented QUADRO

The unmatched integration of four different functions: Cutting - Insulation Stripping - Twisting - Crimping. The quick reloading of connector sleeves by switching magazines enables fast and efficient work. Sleeves are in strip format. Cable sizes from 0.5 to 2.5mm²

Jokari Quadro - \$543.64
 Jokari Quadro Set - \$629.40
 Quadro Cartridge - \$22.11

WIRE STRIPPER - JOKARI 20090

No. 6-16²

Automatic wire stripper for conductor cables with diameters from 6 to 16 mm². Also suitable for stripping the sheathing of PVC Flex 3 x 0.75 mm² and solar cables (e.g. Solarflex®, Energyflex). No diameter adjustments required.

Jokari 20090 - \$166.53

SENSOR WIRE STRIPPER - JOKARI 20300

Sensor Special

Automatic wire stripper for stripping combination cables for sensor & actuator connections. The internal conductors and shielding are not cut or damaged. 3 to 8 strand sensor & actuator cables with PUR or PVC insulation - shielded or unshielded (e.g. 3 x 0.34mm² unshielded to 8 x 0.25mm² shielded).

Jokari 20300 - \$239.17

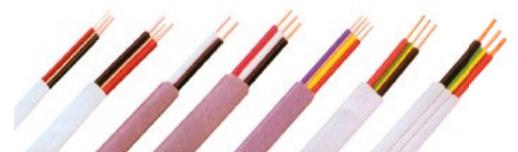

FLAT CABLE STRIPPER - JOKARI 20030

Flat Cable Stripper

Automatic stripper for PVC-insulated flat cables with widths of up to 12mm and cross sections from 0.75 to 2.5mm². Removes the external sheathing and internal insulation. No adjustments required.

Jokari 20030 - \$136.37

WIRE STRIPPER - JOKARI 20050

Super 4 Plus

Ergonomic, automatic wire stripper for diameters from 0.2 to 6mm². Wire cutter for diameters of up to 2.5 mm². Length stopper adjustable from 6 to 15mm. Plier handle design with lockable grip.

Jokari 20050 - \$37.30

AS INTERFACE WIRE STRIPPER - JOKARI 20070

AS-Interface Special

Automatic wire stripper AS-Interface cables with PUR or TPE insulation. The internal conductors are fully protected.

Jokari 20070 - \$193.12

SPECIAL INSULATION WIRE STRIPPER - JOKARI 20450

High Strip

Automatic wire stripper for conductors with problematic types of insulation such as rubber, silicone, TPE and similar with cable diameters of 0.5 to 4mm². Includes an adjustable length stop of 5 to 15mm.

Jokari 20450 - \$138.94

JOKARI 10350

No. 35 Standard

Proven a million times over, the JOKARI cable knife is the tool of choice for stripping all standard round cables. Each JOKARI cable knife benefits from special Titanium-nitrate coating (TIN) to achieve longer life, faster cutting and less wear. A practical extra is the spare blade with TIN coating included in the handle. 27-35 mm

Jokari 10350 - \$42.48

JOKARI 10160

No. 16 Secura

Protection cap with hood and large adjustment screw. With its protection cap, the SECURA cable knife can be handled perfectly. The large adjustment screw (0 > 23%) allows for effortless adjustments. 4-16 mm

Jokari 10160 - \$36.19

JOKARI 10270

No. 27 Secura

Cable Knife SECURA 2-Component Design. The unique feature of this knife is the slip-proof handle grip with soft thumb protector. The user benefits from a more secure grip achieved by the non-slip padding. 8-28 mm

Jokari 10270 - \$36.19

JOKARI 10280

No. 8H Secura

SECURA 2-Component design with hooked blade, 8-28 mm

Jokari 10280 - \$40.39

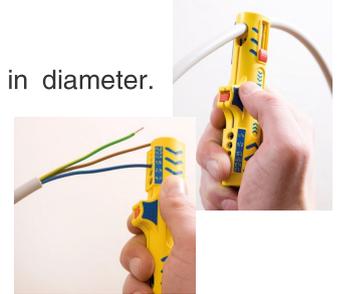

STRIPPER PLUS KNIFE - JOKARI 30155

Secura No. 15

Cable Stripper for circular cables 8-13mm in diameter. Locking mechanism prevents unwanted opening of tool. Secure non-slip grips. Precise straight longitudinal cuts. Blade positioning designed to stop stripped cable waste from jamming the tool.

Jokari 30155 - \$59.18

PVC CABLE STRIPPER - JOKARI 30140

No. 14 Strip

Stripper tool for all standard PVC insulated round cables with diameters for 4-13 mm diameter as well as flat cables with widths of up to 12 mm. With stripper blade for individual cable strands and cutting cables.

Jokari 30140 - \$34.49

COAX CABLE STRIPPER - JOKARI 30600

Secura Coaxi No. 1

Cable stripper for all standard coaxial cables with diameters from 4.8 to 7.5 mm. Secure grip with non-slip grips. Includes a length scale and has tin-coated blades.

Jokari 30600 - \$31.21

COAX CABLE STRIPPER - JOKARI 30100

Top Coax

Cable stripper for all standard coaxial cables. Integrated length scale from 5 to 20 mm. Range: round cables with diameters from 4.8 to 7.5 mm. Tin-coated blades.

Jokari 30100 - \$40.49

FIBRE CABLE STRIPPER - JOKARI 30800

Fibre-Strip LC

Stripping tool to slit open the outer sheath of fibre optic cables (for example I-VHH 24xSingle-mode) with a diameter of 8.2mm. Also has a durable and ergonomically designed pocket clip, Jokari 30800 - \$100.55

FIBRE CABLE STRIPPER - JOKARI 30700

Fibre-Strip DC

Stripping tool for fibre optic cables for example, DAC-Direct Access Cable with a diameter 5.9mm. Blades are titanium-nitride coated and there is no adjustment to the cutting depth necessary.

Jokari 30700 - \$50.25

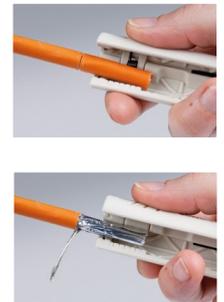

CAT CABLE STRIPPER - JOKARI 30500

No.1-Cat

Designed for use on PVC insulated data cables with thin insulation (e.g. Cat5, Cat6, Cat7, Twisted-Pair-Cable). Strip outer insulation and foil sheathing with one tool easily and quickly. Suitable for round cables from 4.5 to 10mm in diameter.

Jokari 30500 - \$73.35

SOLAR CABLE STRIPPER - JOKARI 30190

SE-Strip - 2.5-6mm

Quick and precise stripping of all 2.5mm² to 6mm² standard energy and security cables, double shielded solar cables, short circuit and grounding-proof, flame retardant & halogen free cables. Supplied with 8-12mm length stopper.

Jokari 30190 - \$65.61

MICRO PRECISION SMALL CABLE STRIPPER - JOKARI 40025

PWS-PLUS 002

For electronic and telecommunications micro cable stripping. Suitable for stripping 0.25 to 0.8mm diameter or 30-20 AWG cables. Stripping depth is adjustable and Tool also includes an adjustable length stopper and integrated 0.8mm cable cutter.

Jokari 40025 - \$58.83
