TECHNICAL INFORMATION

POWERSVISION Power Supplies

The Power Vision product line is the leading power supply system in the world in terms of its technical advantages.

All modules are slim, feature communication ports and boast the highest maximum power reserves for optimum system availability.

PVSE 230 DC POWER SUPPLIES

PVSE 230/12-6	PowerVision DC Power Supply	230VAC Input	12VDC/6Amp Output	\$259.73
PVSE 230/12-10	PowerVision DC Power Supply	230VAC Input	12VDC/10Amp Output	\$358.76
PVSE 230/24-5	PowerVision DC Power Supply	230VAC Input	24VDC/5Amp Output	\$316.92
PVSE 230/24-10	PowerVision DC Power Supply	230VAC Input	24VDC/10Amp Output	\$387.05
PVSE 230/24-20	PowerVision DC Power Supply	230VAC Input	24VDC/20Amp Output	\$594.45

PVSE 400 DC POWER SUPPLIES

PVSE 400/24-10	PowerVision DC Power Supply	400VAC Input	24VDC/10Amp Output	\$375.83
PVSE 400/24-20	PowerVision DC Power Supply	400VAC Input	24VDC/20Amp Output	\$435.72
PVSE 400/24-40	PowerVision DC Power Supply	400VAC Input	24VDC/40Amp Output	\$746.05

PVSB 400 DC POWER SUPPLIES

PVSB 400/24-10	Power Vision DC P/S with Display	400VAC Input	24VDC/10Amp Output	\$477.78
PVSB 400/24-20	Power Vision DC P/S with Display	400VAC Input	24VDC/20Amp Output	\$556.74

PVSL 400 DC POWER SUPPLIES

PVSL 400/24-20	Power Vision DC Power Supply with Display & Monitoring	400VAC Input	24VDC/10Amp Output	\$878.43

24VDC UPS TECHNICAL INFORMATION

AC/DC UPS

The PowerVision DC Power Supply range offers dedicated 24VDC UPS modules. Also on offer are Battery modules for Panasonic or Yuasa Batteries. Reliable Battery management is achieved through permanent data exchange between UPS & Battery module. In this way Battery life is extended and a reliable signal is given as soon as the Batteries need replacing.

24VDC UPS

PVUA 24/24-10	PowerVision 24Vdc UPS with Battery Management System 10 Amps	\$479.59
PVUA 24/24-20	PowerVision 24Vdc UPS with Battery Management System 20 Amps	\$573.69
PVAF 24/7AH-01	PowerVision Battery Cabinet suitable for 2 x Batteries (not supplied) - 7Ah	\$269.25
PVAF 24/12AH-01	PowerVision Battery Cabinet suitable for 2 x Batteries (not supplied) - 12Ah	\$350.02

CIRCUIT BREAKER MODULE - TECHNICAL INFORMATION

ELECTRONIC CIRCUIT BREAKER

The PowerVision DC Power Supply range offer an electronic Circuit Breaker This is a perfect solution where thermo magnetic circuit breakers cannot be reliably guaranteed. The Circuit Breaker module can also be remotely switched on.

CIRCUIT BREAKER MODULE

PVFE 24/24-40	PowerVision 4 Channel Electronic Circuit Breaker, 24VDC, 4x10Amp Outputs	\$443.87
----------------------	--	----------

COMPACT DC POWER SUPPLIES

PEL 230/12-2	Compact DC P/S 230 VAC Input, 12 VDC/2Amp Output - 3 Modules wide	\$146.90
PEL 230/24-1.3	Compact DC P/S 230 VAC Input, 24 VDC/1.3Amp Output - 3 Modules wide	\$113.15
PEL 230/24-2.5	Compact DC P/S 230 VAC Input, 2.5Amp Output - 4 Modules wide	\$125.05
PEL 230/24-4	Compact DC P/S 230 VAC Input, 4Amp Output - 5 Modules wide	\$161.23

POWER VISION ACCESSORIES

PV-CON	PowerVision DC Power Supplies Plug in Connector	\$19.64
PV-KOK 2	PowerVision DC Power Supplies Programming Lead	\$81.35
