

# EUROPEAN SPORT PLATFORM

16-17 NOVEMBER 2018, BUDAPEST HUNGARY

## SAVE THE DATE

What is the future of sports clubs? What role will esports play in European sport? ENGSO has the pleasure of inviting you to the European Sport Platform in Budapest, Hungary, on 16–17 November 2018, to discuss and share ideas.

The European Non-Governmental Sports Organisation (ENGSO) is launching a new concept, the European Sport Platform, which brings together both ENGSO members and different European stakeholders to debate and exchange experiences and ideas on interesting topics related to sport.

We are happy to announce that the first European Sport Platform is organised on 16–17 November 2018. The event is hosted by the Hungarian member of ENGSO, the Hungarian Competitive Sport Federation, and it takes place in Budapest, Hungary. The European Sport Platform is organised in partnership with the European Lotteries.

The first edition of the European Sport Platform addresses two current topics: “the modern sports club” and “esports meets sports clubs”. The programme consists of keynote speeches that offer insight and inspiration, as well as possibilities for the participants to discuss and share their own experiences on the topics.

**Join us at the European Sport Platform, on 16–17 November 2018 in Budapest!**

We are inviting professionals, volunteers, policymakers and scholars active in the field of sport – ENGSO members and non-members alike – to the European Sport Platform to stay informed on and take part in the current debate on sport.

ENGSO’s objective is to make the European Sport Platform an annual event, to be organised each time in collaboration with different ENGSO member organisations and other relevant stakeholders.

Stay tuned for further information in the coming weeks. Please follow [www.engso.eu](http://www.engso.eu) for news and the official hashtag of the event, #ESP2018, and in case you have any questions, you are most welcome to contact ENGSO Policy Director Kaisa Larjomaa, [larjomaa@engso.eu](mailto:larjomaa@engso.eu), tel. +32 484 33 95 38.
