

Vote NO and Reset D86

Our taxes are already among the highest in the country.

It's critical that we vote no on this WASTEFUL and UNETHICAL referendum.

WASTEFUL

- This wasteful \$139 MILLION referendum will cost \$208 MILLION including interest.
- This equals \$2,300 per student per year for 20 years.
- These “pet projects” are wasteful and unaffordable.
- Increasing our campus footprint when enrollment is declining or flat is unwise and unsustainable.

UNETHICAL

- The cancelling of student sports and activities is unethical. Our children should not be used as political pawns.
- D86 can meet the needs of students with the \$110 Million operating budget.
- An affordable activity fee of \$300/student reinstates sports and bring independence and security for activities. Families unable to pay will get fees waived.

C4CH has outlined The Plan on its website and listed wasteful items that would hurt property values and increase costs for businesses.

Item	Current Referendum	Reset Amount	Savings	Savings w/ Interest
Swimming Pools	\$ 24,000,000	\$ 7,200,000	\$ 16,800,000	\$ 26,000,000
Guidance & Counseling Area Upgrade	\$ 21,400,000	\$ 4,280,000	\$ 17,120,000	\$ 24,700,000
Roofing *	\$ 11,700,000	\$ -	\$ 11,700,000	\$ 16,900,000
