

FLOCK BOOST

DRY FEED

A weather resistant *Dry Feed* mineral supplement scientifically designed to assist utilization of advanced summer pastures and residual stubbles optimising animal performance, containing slow release protein technology, ensuring balanced nutrition and improved productivity.

- ☑ Containing Essential Salts, Macro & Micro Minerals including Vitamins A, D & E
- ☑ Scientifically Designed to Maximise Performance & Productivity
- ☑ Animal Consumes according to individual needs
- ☑ Water Resistant Qualities
- ☑ Protein content of 26% CP – as slow release protein

TECHNICAL ANALYSIS AS FED:

Calcium (Ca)	15%
Phosphorus (P)	4%
Magnesium (Mg)	5%
Salt (Na Cl)	30%
Sulphur (S)	2.5%
Copper (Cu)	25 mg
Iodine (I)	2 mg
Protein (CP)	Slow Release Formulation	26%

Contains Essential: Vitamin A, Vitamin D, Vitamin E

Balanced Levels of: Selenium (Se), Cobalt (Co), Manganese (Mn), Zinc (Zn)

Estimated Consumption Rates:

15-20g for mature dry sheep

10-15g for weaned lambs and young sheep

Provide ad-lib in well drained containers near clean water source.

Storage:

Store undercover, away from direct sunlight in a cool dry place.

Available in 25kg bags of 48 per pallet load.

Caution: ANIMAL USE ONLY

Does not contain Restricted Animal Material
