Temporary events fees
Updated and adopted February 2017

- Vendors who hold a Colorado RFE License within NCHD jurisdiction will be charged the licensed facilities temporary event fee, this is due to most likely staff is trained and the facility would have a licensed commissary.
- Mobile units are already licensed separately, and will not be charged temporary event fees.
- We **will not** be accepting out of jurisdiction temporary event licenses to consider them as a licensed facility.
- Vendors will need to follow the temporary event regulations outlined in the Colorado RFE Rules & Regs (If this requirement is ever removed from the Rules & Regs, we will put into place a minimum requirement for vendors with a temporary event set up).
- We will not be charging a coordinator fee or non-profit vendors for these events. Coordinators and vendors will need to submit all paperwork for the events 14 days in advance.
- Temporary event fees for the calendar year are the same as what a mobile unit would pay for a yearly license to work at the same event.

If approved fees will be as follows:

2017 Fees	Facilities holding a current Colorado RFE License with in NCHD Jurisdiction	Facilities not holding a current Colorado RFE License
1 day event	\$50.00	\$100.00
Multiple day event not longer than 14 days	\$100.00	\$200.00
Calendar year license	\$255.00	\$330.00
