

Whitworth Alumni Association Scholarship

2014-2015 Recipient

Katie Smith

Hometown: Vancouver, WA

Academic Year: Junior

Expected Graduation: 2016

Major: Accounting

Minor: Theology

Current Activities This past year, I volunteered in the nursery at Branches. I also work in Institutional Advancement as a Student Database Assistant.

Favorite Thing About Whitworth My favorite thing about Whitworth is that I love the university's commitment to helping its students and alumni succeed. They care about the whole person, not just the income they bring to the school. The sense of community this creates is second to none.

Greatest Learning Experience My greatest learning experience has been being challenged to think about my calling not only in a career sense, or in a spiritual sense, but by integrating the two together.

Thank you for giving back to Whitworth!

Post-Graduation Plans After graduation, I plan to obtain my CPA license and work at a public accounting firm.

About This Scholarship This scholarship recognizes the heritage that my family has here at Whitworth. I appreciate the university recognizing my family's commitment to the university, and I am thankful that this scholarship helps shoulder some of the financial burden that college has placed on my parents.

Study Abroad Experience I spent my freshman Jan Term at the Costa Rica Center. We studied Creation Care, the biblical mandate for caring for the earth. We spent time in home-stays, zip-lined, and went fishing in the ocean.

Thank You! Thank you for giving back to Whitworth! Your commitment to the university is well appreciated. Thank you for being a Whitworthian for Life.
