

# Bee Balm Learning Center March Newsletter

Hello Again Tiger Lily Families! As always, we had another busy month. In February we focused a great deal on language development and positive peer interaction. Ms. Jacquie and I were extremely impressed with the kid's efforts and abilities to problem solve their own conflicts. We also spent time in areas of creative/imaginary play. The kids enjoyed creating their own school bus in the classroom, using the rock wall as mountain top and pretending they were jungle animals! Additionally, we did many art and pre-writing projects as well as guided and free-play outside on weather permitting days. We are looking forward to a fun-filled March. It is our hope to have a few walks to Kettle Pond and spend some time extra out on the playground. Happy Spring everyone!!

Best,

Ms. Kaelynn, Ms. Jacquie and the Tiger Lilies
