

Fracarita Latin America's Newsletter – April

fracarita
LATIN AMERICA

PERÚ:

Beautifying the appearance of our home! Social Rehabilitation's guys lend a hand in the painting of the Rehabilitation Centre. Another healthy and drug-free day!

Together for Social Inclusion! It was a successful Leaders Meeting; CEPETRI's teachers received classmates of our students with intellectual disabilities, included in regular schools, who showed much interest and commitment to be the best friends of our students.

In CEPETRI we dressed up blue to promote the autistic people's rights and encourage their full participation and inclusion as valued members of our community. So they can create a future with dignity and opportunity for whole.

By the way; Cristián Masías is a new co-worker, who was a CEPETRI's student with autism. He is currently a trainee in the administrative area of our school. We are very proud of his personal achievements.

On April 22, our students remembered "Earth day" and had done drawings about the care of our planet and put into action at community. They picked up trash from the streets and planted seeds for reducing pollution in the planet.

In COSMA, the Mental Disability Department had improved the content of School's Family through behavior modification Experiential Sessions and had begun the session called "Aware of the modification techniques to inappropriate behavior" with the purpose of improving quality our service and students' learning. We encourage the initiative by psychologists and teachers team of the Educational Program "Caminito de la Esperanza".

NICARAGUA:

"Jesús Amigo" Psychosocial program.

The Brothers of Charity services from Nicaragua received from the minister of Family, Ms. Marcia Ramirez Mercado, the support in acknowledgment to the work in policies of Love's program for the protection and care of children who lives in streets and family social reintegration

Domiciliary visits in Nicaragua for strengthening families by familiar reintegration plan for children.

"Improving the quality of life of the most vulnerable people"

Social and Familiar Integration Program “Amanecer”.

Two of our young beneficiaries took part in the Nicaraguan Sports Institute athletics match. We are encouraging the integral development of them.

Session of children and adolescents’ families from social and familiar reintegration program “Amanecer”
