

HOARDING: MENTAL HEALTH + SPIRITUAL PERSPECTIVES

Monday, May 22, 2017 from 7:00-9:00 pm
Perkin Auditorium at Norwalk Hospital

Recent tragedies have increased awareness about hoarding, but community members often don't know when to be concerned or where to turn. Join Norwalk Hospital staff for a community presentation on this poorly understood disorder. **Meg Weissman, LCSW**, of the Psychiatry Dept at Norwalk Hospital, will discuss the causes and treatment of hoarding disorders, and **Rev. Debra Slade, Director of Spiritual Care**, will discuss the spirituality of de-cluttering.

Presented by Norwalk Hospital and Southwest Regional Mental Health Board for Mental Health Month 2017. Find other programs at HealthyMindsCT.org.
