

#PreventionHappensHere

Join this years' #NPW Prevention Challenge

What can you do to participate?

SAMHSA wants to hear from you! This challenge takes place on social media and you can participate in three easy steps:

1. Download and fill out your own #PreventionHappensHere sign to tell us where you practice prevention (available in Spanish, too!!)
2. Take a photo or video of yourself with your sign.
3. Post it to social media (Facebook, Twitter, Instagram, and/or Snapchat). Remember to use the #PreventionHappensHere, #NPW2020, #Ctprevention hashtags, geotag your post, and tag your coworkers, family, and friends to participate.

Visit www.samhsa.gov/prevention-week/prevention-challenge for more details and to download forms

If you aren't able to print the #PreventionHappenHere sign, that's OK!

Just follow steps two and three to share your prevention selfie and answer the sign question in your post caption.
