SNF QRP: 59.5 items increases administrative burden 10/1/20. Yes, the number of assessments are less, but NAC role is evolving (more like case managers), but adm. / owners are not considering. We are still hearing MDS positions are being reduced. Any way to spread that message to leadership?

M Mary Jane 18

1) Will the Significant Change of Condition Assessment continue to affect the reimbursement under PDPM? 2) IPA can be done if there is a classification change. Does classification change mean one change in one of the 5 component's HIPPS code?

M Maribeth Clark 12

Please review, advise of how payments/claims will be handled? Still monthly? How does that work with the therapy reductions, get to a UB04, monthly? Where can we find/locate billing updates, please?
