SpeedNews 21st Annual Business & General Aviation Industry Suppliers Conference

October 4-5, 2016 - Jonathan Club, Los Angeles, CA

AVIATION WEEK NETWORK

SpeedNews Conferences is pleased to announce that **Mr. Oscar S. Garcia**, Chairman & CEO of **InterFlight Global Corporation** will be one of the distinguished speakers at the [SpeedNews 21st Annual Business & General Aviation Industry Suppliers Conference](#) to be held on October 4-5, 2016 at Jonathan Club in Los Angeles, CA.

Mr. Garcia will present on the topic of *The Future of High Speed Business & General Aviation: Supersonic, Hypersonic and Orbital Transportation Elements*.

The presentation will build on the growing industry appetite for very high speed ultra-long range mission capabilities and will explore the perspectives of the market, operators, OEMs, regulators and the supply chain about existing and future ultra-high speed technologies enabling super, hypersonic and even suborbital and orbital vehicles.

Mr. Garcia will explore the possible scenarios for incremental or disruptive emergence of ultra-high speed vehicles to OEM programs as well as regulators, insurance and finance stakeholders. He will review the incremental steps to enable worldwide transportation out and back in one business day as opposed to four as it takes today.

The presentation will include reports on the state of the art of high speed aerospace transportation and the following:

- Private Aviation Ultra and Extreme Long Range Missions Today- Aircraft Gulfstream 650, Falcon 8X, Global 7/8000
- Supersonic Private Aviation Considerations and Initiatives
- The Case of the Aerion AS-2
- The Hypersonic Mach 2-5 Initiatives-HyperMach and others
- The Suborbital Mach 5-10 Initiatives
 - Flight Profiles
 - Initiatives:
 - Government: DLR, DARPA X-1
 - Private: Astrium, Swiss Space Systems, Rocketplane Global, SpaceJett
 - The Reaction Engines- Lapcat-Scimitar Vehicle-Engine System
- Future considerations and Forwards thoughts

Mr. Oscar S. Garcia
Chairman & CEO

Mr. Garcia is the founding Partner, Chairman and CEO of InterFlight Global Corporation (IFG), an aerospace and space economic, business and financial development consulting and advisory firm in business since

1992. He is a Senior Board Advisor, Consultant and Project Leader in the areas of Aerospace and Space Transportation Private-Public; Economic Development, Strategic Planning, Financing, Sales and Marketing and optimization of Commercial Spaceflight Operations and Investments worldwide. His business experience ranges from funding start-up ventures to designing joint ventures amongst large aerospace conglomerates.
