Project Coordinator Position at Purdue University Department of Psychological Sciences

Advanced Quantitative Methods

Drs. Erin Hennes and Sean Lane in the Department of Psychological Sciences at Purdue University invite applications for a full-time project coordinator position. This position is part of a five-year NIH-funded interdisciplinary project developing improved methods for statistical power analysis. More information about this project can be found here.

Responsibilities Include:

The project coordinator will assist in the coordination of all research activities across all project personnel, such as supervision of undergraduate research assistants, manuscript preparation, budget management, IRB, website maintenance, and meeting scheduling. The project coordinator will also be encouraged to collaborate on or develop their own research on topics of relevance to this project or to the Principal Investigators’ substantive research if desired.

Preferred Qualifications:

- Effective in managing teams and multitasking across multiple projects
- High level of commitment to professionalism, ethics, and integrity
- Conscientious, self-motivated, responsive, and outstanding attention to detail
- Background in psychology, statistics, computer science, or a related field
- Interest in advanced quantitative methods
- Substantive research interests related to those of the PIs are helpful but not necessary: social justice, political psychology, motivated information processing, environmental psychology, and/or intergroup relations (Hennes); emotion, close relationships, substance use, and/or mood/personality disorders (Lane)

How to Apply:

Due to scheduled maintenance of Purdue University’s application system, instructions for applying to this position will be available in January 2019. Start date will be negotiable but no later than August 19, 2019. Instructions for applying will be posted here when they become available. Interested candidates are encouraged to contact Dr. Erin Hennes at any time at ehennes@purdue.edu for more information.

Nondiscrimination Policy Statement

Purdue University is an Equal Opportunity, Equal Access and Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, age, sex, sexual orientation, gender identity or expression, national origin or ancestry, disability, marital status, parental status, or protected veteran status. The Hennes Social Cognition of Social Justice lab and the Lane Lab are inclusive and diverse teams of scholars. We welcome individuals of all identities, backgrounds, experiences, and perspectives. Dr. Hennes and Dr. Lane have completed Safe Zone and Green Zone training.
