Rochester Polar Plunge!

Our January Donate for Denim collection went to the Polar Plunge to benefit the Special Olympics. Brenda Frankenberger, long-time PCA at CCOR, has participated in the Polar Plunge for several years. CCOR was there to support her Home Care Heroes team on February 10, 2019. Not only did we raise \$237.51 through Donate for Denim, the Home Care Heroes team raised over \$1,100 in total for the Polar Plunge! The CCOR family didn't just support financially, they plunged with Brenda. Thanks to all who donated, plunged and supported Home Care Heroes.

Donate for Denim

Since starting Donate for Denim in October 2018, we have supported causes that are important to CCOR...from why CCOR was started, to honoring our clients and supporting what is important to our CCOR family. We are happy to announce that Donate for Denim will run all year! If there is a cause or charity that you think Donate for Denim should support, please contact Marie Candelora.

Safety Corner

By: Sandy Lyons-Jackson

Happy Spring, everyone! We had a long winter and I want to thank everyone who participated in our Slip and Fall Prevention Program. The Safety Committee worked hard handing out bottles filled with kitty litter. We hope that helped you all during our slippery wintery days. Please let us know when you stop by the office if you used the kitty litter and if you found it helpful.

I know we are all looking forward to going outside and enjoying the nice weather. Remember to stretch before you begin any heavy-duty activities such as yard work or outdoor weekend activities. It is so important to stretch before and after these activities to protect our joints, muscles, and back.

If you haven't heard about our Distracted Driving Program, please feel free to ask someone in the office. Our goal is for employees not to speak or text on their cell phones when driving, even if using a hands-free device. Please focus on your safety and the safety of your family and others on the road.

We are striving to encourage safety at work and at home. Have a safe Spring and enjoy the outside.

Interested in joining the Safety Committee to help with their initiatives? The committee meets about 6 times a year and has a couple of openings. Contact Sandy Lyons-Jackson at 585-546-1600 for more information.
