

Deep Discount Alert!

NUCA and CONEXPO-CON/AGG are CO-LOCATING in 2017!

Dear NUCA Member,

As you may know, our 2017 Convention (March 4-6) will co-locate with CONEXPO-CON/AGG 2017 (March 7-11), one of the biggest construction shows on earth, for a winning Las Vegas combination! We are also pleased to announce that the dazzling and renovated Palms Casino Resort is our host hotel.

Our 2017 Convention Committee is busy finalizing an outstanding NUCA Convention program, including keynote speakers, educational breakouts, policy meetings, general sessions, outrageous parties, a golf outing, and our always popular teambuilding shindig. While registration for the NUCA Convention is not open quite yet, here are some things you need to know right away.

1. For discounted show passes, be sure to register for CONEXPO-CON/AGG through unique NUCA code-embedded registration links available only at www.nuca.com/convention.
 - A. When you register for the 2017 NUCA Convention, you will be able to register for CONEXPO-CON/AGG at a 36% discount (\$54 off the standard fee) through 2/3/17. We will let you know when 2017 NUCA Convention registration opens online and this special link becomes available. Don't jump the gun and miss the discount by registering for the show elsewhere!
 - B. For NUCA members and employees who will not attend the 2017 Convention but will attend the CONEXPO-CON/AGG show only, you will be able to register for the show at a 20% discount (\$30 off the standard fee) through 2/3/17. This discount is available now at www.nuca.com/convention.

NUCA member discounts for CONEXPO-CON/AGG education tickets are also available.

2. We are pleased to offer discounted room rates at the Palms Casino Resort. The rates vary by day: \$129 (3/3 and 3/4), \$59 (3/5 and 3/6) and \$200 (3/7 through 3/11). In addition, NUCA guests will save \$10 off the daily resort fee. For those who would like to book rooms now, the special Palms link is live at www.nuca.com/convention.

We hope to see you in Vegas in March! If you have questions or need assistance, please let us know.

Bill Hillman, CEO
