The contribution asked to participants is:

- Senior Scholars, Professors and Professionals: € 50
- Other categories: € 35

During registration you will be asked if you have any dietary requirement for the dinner. Kosher and Halal meals can only be requested until Friday, May 15th 2020.

Call for Panels

EuARE opens the 2020 Annual Conference Call for Proposals. Starting from this year, we open only a **Call for Panels**. You can submit your proposal here: <http://forms.fscire.it/forms/submit/panel20/>

A panel can be

- a) **closed** (does not accept papers. Speakers are contacted and selected by the proponent)
- b) **open** (accepts papers sent through the submission procedure. Speakers are chosen by the proponent among the proposals received).

In order to be accepted, panels must be composed of at least 3 participants, 1 chair and at least 2 speakers.

Proponents will be notified about the outcome of their submission between 15/09/19 and 15/10/19.

Accepted **closed panels** have time until 31/01/20 to define their asset and communicate the definitive list of speakers (Name, Surname and Affiliation) together with the definitive titles of presentations.

Accepted **open panels** have their call published on the EuARE website by 15/10/19.

Proponents must present the final version of the panel — comprehensive of panel title and abstract, speakers' names, surnames and affiliations, papers titles — by 31/01/20.

After the publication of the draft program, proponents and speakers are allowed to request changes regarding date and time for panels until 15/03/20.

Keep in mind that **slots equal to hours**. If you ask for one slot you are therefore asking for one effective hour. In every hour/slot the suggested amount of speakers is 3.

Differently from previous years, the only accepted language for panels and papers is **English**. As inclusiveness has always been a major focal point for EuARE, it has been decided to unify proposals language in order to allow every participant to take part in discussions and panels throughout the entirety of the Conference.

Before starting the submission process, make sure to have the following information at hand:

For **closed panels**:

1. Title of the panel
2. An abstract of up to 1500 characters spaces included (the system won't accept longer abstracts)
3. Name, surname and email address of the proponent, the chair of the panel and of at least two speakers.
4. Indication of desired number of slots/hours

For **open panels**

2. An abstract of up to 1500 characters spaces included (the system won't accept longer abstracts)
