# Did you know...

Homes can have comfort zones or areas that are uncomfortable. Buyers don't know why certain areas feel "off." Showing comfort is pivotal for a house to sell, and **NOTHING** beats Feng Shui to accomplish this.

We spend A LOT of time in class on using focal points. Why? They “draw” a person's interest while also increasing the energy in a room. More energy “raises” positive feelings and buyers' recollection. Learn how to create focal points or enhance existing ones.
