

America, Land of the Free

Legislation, Hospitals and Medical Clinics, and Freedom

I fully intend to be actively involved in ensuring that our Civil Liberties and Constitutional Rights are upheld.

I will keep my business (BASRC) neutral. I will fully commit my personal money to the causes that I believe are at the Heart of Democracy (Liberty) and to ensuring that we are all able to live as Free Americans – setting the example and promulgating Democracy and Liberty the World over.

The Government has no business in our bodies and lives;

The Government has no business in our Constitutional Rights and Civil Liberties (other than upholding them);

The Government has no business in my business;

The Government has no business in Media, and has no business in Academia.

Legislation: America, Land of the Free

Beyond that mentioned above, I want immediate legislation to be passed to ensure that:

No Child can have an implant put in their body regardless of parental consent.

This is tantamount to body mutilation and it is outside the purview/decision making processes of parenting.

Implants will not be in anyone's bodies unless they consented to have them.

Hospital and Medical Clinics

Hospitals and Medical Clinics must provide free removal of implants on an anonymous basis (to ensure that people are not targeted prior to implant removal by those who have enslaved them).

An “Open” or “Closed” sign will be displayed; people will enter the Hospital or Medical Clinic if “Open” and leave as Free People. The “Closed” sign will be displayed if the maximum number of patients for the day has been accepted.

Hospitals and Medical Clinics will provide shelter from communication with implants until the procedure can be completed.

America, Land of the Free

After one generation (or less depending on how aggressive Hospital and Medical Clinics provide implant removal) our **Citizens of The United States of America will once again be Free People!**

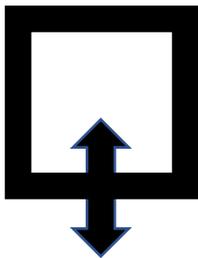

I am willing to completely fund this legislation and an initial trial Medi-Clinic, once I have my body and life back, my intellectual property that has been stolen returned and the monies derived from it given to me, my intellectual property filed and capable of being sold (which has been prevented), and after I have successfully sued our U.S. Government, the Canadian government, other governments, and I have established my business in NYC.

This intelligence community, our U.S. Government, and otherwise have hijacked Democracy; it requires immediate restoration.

I will provide my fellow Americans with the Vehicle – Legislation, Financing, and Leadership to ensure their Freedom.

The Heart of Democracy is Liberty; the Corner-Stone of Democracy is Justice.

Regardless of Political affiliation these are the Staples of Democracy and these are the Staples of our United States of America.

America, Land of the Free

115th Congress

1st Session

Senate Bill # _____

A Bill For An Act Entitled: *America, Land of the Free*

In the Senate

November Twenty-Sixth, Two Thousand and Seventeen

Senator Your names:

These Senators introduced the following resolution which was referred to the Committee on fill in this blank when you know the committee name.

Senate Proposal

Resolved by the U.S. Senate of the United States of America, that the following article is proposed as federal law under the jurisdiction of the United States of America, enforceable by Executive action.

“Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that:

America, Land of the Free be enforced, ensuring the sustainment of our Civil Liberties and Constitutional Rights. This Bill addresses the technological era before us, requiring these stipulations; specifically, regarding the insertion and use of implants within a Human Body.”

Section 1:

Explanation of terminology- Which terms need to be defined in order to understand the bill?

- a. Implants:
- b. Body Mutilation:
- c. Minor/Child (Stipulate State Ages – catch all phrase here):
- d. Medical Clinic:
- e.

America, Land of the Free

Section 2:

This Bill will ensure the sustainment our Civil Liberties and Constitutional Rights addressing the Technological Era of our time. This Bill resolves the immediate requirement for their clarification, and describes their application to all Citizens of our United States of America. Implants within the bodies of American Citizens expose them to facilitating partial and direct control of Human Beings by others. This is the antithesis of Liberty, our Constitutional Rights, and our Civil Liberties.

This is the antithesis of our United States of America.

Partial and Direct control of people with the manipulation of their actions, emotions, bodies, or otherwise, unless specifically by their own fruition - exasperates every societal problem within our United States of America and is tantamount to slavery.

The Bill consists of three parts, and ensures that:

1. No **Child/Minor can have an implant put in their body regardless of parental consent.**

This is the equivalent of body mutilation and it is outside the purview/decision making processes of parenting.

2. Implants will not be permitted/placed within anyone's bodies unless they have consented to them.

Implants within the bodies of American Citizens is not a decision to be taken lightly or in stride. This decision requires explicit consent after meticulous consideration.

3. Hospitals and Medical Clinics; Implant Removal.

Hospitals and Medical Clinics must provide free (Government Subsidized) removal of implants on an anonymous basis (to ensure that people are not targeted prior to implant removal by those who have enslaved, and/or have control over them).

Designated Hospitals and Medical Clinics will provide anonymous shelter from communication with implants until the removal procedure(s) can be completed.

After one generation, (or less depending on how aggressive Hospital and Medical Clinics provide implant removal) our Citizens of The United States of America will remain ensured of their inherent right to their own bodies and Free Choice.

The Following Government Departments are affected:

U.S. Department of Health and Human Services

<https://www.hhs.gov/>

The impact is: **Blurb Here**

America, Land of the Free

Appropriate Law Enforcement Department Here (Research)

The impact is: *Blurb Here*

Section 3:

This Bill applies to all Citizens of The United States of America.

Section 4:

How is the act going to be funded?

Government Funded - Subsidized... Where – funding – Research funding pools/pots – details.

How? *Blurb Here*

The **Appropriate Law Enforcement Department Here (Research)** will Enforce the **XXXX** Component of the Bill.

How? *Blurb Here*

The Department of **XXXXXXXXXX** will Administer the **XXXX** Component of the Bill.

How? *Blurb Here*

Section 5:

Subject to enforcement by **XXXXXX** (above) the following Criminal Charges will be laid for the breach of the following Laws:

Ref here - Body Mutilation of a Minor

Ref Here - Body Mutilation etc. etc. etc.

Ref Here – Breach of Consent.

Section 6:

Enactment Date: *When will the law go into effect? Immediately – Amend Date accordingly.*

America, Land of the Free

The Heart of Democracy is Liberty; the Corner-Stone of Democracy is Justice.

Technology is not an excuse to abandon these fundamentals; Technology will be utilized to uphold them.

Regardless of Political affiliation, these are the Staples of Democracy; These are the unshakable foundations of our United States of America.

This was Drafted by me based on the brutal and malicious criminal and torturous treatment by the Intelligence community. It is drafted to ensure that none of my fellow Americans, or any other Human Being, or any other Human beings, will experience what I have experienced.

It was Drafted by me as a Technological Industry Leader, ensuring that as mentioned above: Technology is not an excuse to abandon the fundamentals of Democracy; Technology will be utilized to uphold them.
