

A CALL TO ACTION TO CHANGE OUR WORLD

THE ROADMAP FOR PEACEFUL, JUST AND INCLUSIVE SOCIETIES

The governments of Brazil, Sierra Leone, and Switzerland convened the **Pathfinders for Peaceful, Just and Inclusive Societies** to fulfill the vision of the 2030 Agenda for Sustainable Development that all people should live in peaceful, just and inclusive societies which are free from fear and violence.

The Pathfinders include **member states**, **international organizations**, and major **partnerships** and **networks**.

Since our launch a year ago, we have worked together to understand the challenges and the opportunities for delivery of the 2030 Agenda targets for peace, justice and inclusion.

We live in a world where too many people's lives are shaped by violence, conflict, insecurity, injustice, and exclusion.

Standards of governance must also improve. In all countries, institutions are under pressure and must be strengthened if they are to deliver the Sustainable Development Goals.

It is clear that there can be **no sustainable development without peace**, and **no peace without sustainable development**, and that more must be done to protect human rights and gender equality.

But we have a growing understanding of what it will take to build more peaceful, just and inclusive societies, with examples of leadership and commitment in a growing number of countries.

We also know that significant improvements in peace, justice and inclusion will play a catalytic role in the achievement of the 2030 Agenda, with greatest benefits for those who are furthest behind.

This roadmap builds on these examples to provide a first guide for those who are working on implementation.

At its heart are three **transformative strategies** – the prevention of all forms of violence, an institutional renewal to underpin sustainable development, and action to increase social, economic and political inclusion.

Nine areas of **catalytic action** are identified. In each of these, delivery can be accelerated over the next five years.

For each action, we have highlighted examples of national implementation, demonstrating the range and scale of innovation that we see around the world.

The roadmap also emphasizes the need for increased **evidence, data, learning, and finance**, and for a **movement** that will mobilize partners from all sectors behind a shared vision.

The roadmap is the beginning of our work as pathfinders.

Our eyes are now on the High-level Political Forum in 2019, which will take the theme “empowering people and ensuring inclusiveness and equality.”

This is also the year when leaders from all countries will come together to review progress across all parts of the 2030 Agenda.

By then, we must have taken significant additional steps to tackle fear and violence, and to build just societies that include and empower people.

Together, we can achieve this goal.
