

MARISA MILLER

Nieuwe Fellenoord 50, 5612 KD Eindhoven, Nederland

WRITER + DESIGNER

Former Texan oil & gas worker turned sex toy designer. Expat museum-dweller desperately fleeing freedom™, now seeks fantastic collaborations in my new chosen home. Both creative & operations-minded. Soft spot for material cultures, sci-fi, queer history, and biotech, my goal is to contribute copywriting, art direction, and project management skills towards the successful execution of (challenging) initiatives here in the Netherlands. Seeking dynamic cross-organizational and multi-disciplinary projects.
