

Joanne Sharpe's

"THE WATERCOLOR UNICORN"
PAINTING AND LETTERING COLLAGE ART
JOANNESHARPE.COM

Are you super intrigued with whimsical watercolor painting, but still petrified? This medium can be really tricky, but fear not! We won't be painting actual unicorns, but join us to play with your paints and master the elusive temperament of watercolor and capture that mysterious "Watercolor Unicorn" with Joanne's magical process. We have the recipe for success with 10 (TEN!), foolproof watercolor techniques for painting piles of simple imagery, lettering and illustrations (like Joanne's flowers, birds, butterflies, backgrounds, nature, etc.) to use in colorful collage wall art, bookmaking, cards and journaling. We'll even draw and paint lettering, so you can take home a chunky, embellished handmade book filled with watercolors and words. The "Watercolor Unicorn" has landed!
