A Note About the Letter of Recommendation

Applicant: Please give these instructions to the person writing your letter of recommendation.
--

The Educational Reimbursement Committee has the applicant's School/Community Activity Record and a copy of his or her transcript. Therefore, a recommendation letter that simply gives a list of activities or awards is not helpful. What the committee is looking for is one or two concrete examples, with elaboration, in each of the four categories. Highly qualified applicants will receive a low score in a category in instances when the letter writer fails to do this.

It is necessary that the writer have an in-depth knowledge of the applicant in all four categories in order to do the applicant justice. If this is not the case between you and the applicant, it would be in the applicant's best interest to find someone else to write the recommendation.

Following the instructions on the form is essential. Please do not simply write a letter. **If the format is not maintained, the application will not be considered.**

Please help the applicant meet our deadline. We must be in receipt of all application materials by Friday, March 1, 2019.
