NOTICE OF PRIVACY INFORMATION PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

A. PURPOSE OF THE NOTICE.

VNA Alliance, as part of Concordia Lutheran Ministries, is committed to preserving the privacy and confidentiality of your health information that is created and/or maintained at our organization. State and federal laws and regulations require us to implement policies and procedures to safeguard the privacy of your health information. This Notice will provide you with information regarding our privacy practices and applies to all of your health information created and/or maintained at our facility, including any information that we receive from other health care providers or facilities. The Notice describes the ways in which we may use or disclose your health information and also describes your rights and our obligations concerning such uses or disclosures.

We will abide by the terms of this Notice, including any future revisions that we may make to the Notice as required or authorized by law. This Notice becomes effective April 1, 2003. We reserve the right to change this Notice and to make the revised or changed Notice effective for health information we already have about you as well as any information we receive in the future. We will post a copy of the current Notice, which will identify its effective date, in our facility and on our website at www.concordialm.org.

The privacy practices described in this Notice will be followed by:

1. Any health care professional authorized to enter information into your medical record created and/or maintained at our facility;
2. All employees, students, and other service providers who have access to your health information at our facility; and
3. Any member of a volunteer group that is allowed to help you while receiving services at our facility.

The individuals identified above will share your health information with each other for purposes of treatment, payment and health care operations, as further described in the Notice.

B. USES AND DISCLOSURES OF HEALTH INFORMATION FOR TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS.

1. Treatment, Payment and Health Care Operations. The following section describes different ways that we may use and disclose your health information for purposes of treatment, payment, and health care operations. We explain each of these purposes below and include examples of the types of uses or disclosures that may be made for each purpose. We have not listed every type of use or disclosure, but the ways in which we use or disclose your information will fall under one of these purposes.

a. Treatment. We may use your health information to provide you with health care treatment and services. We may disclose your health information to doctors, nurses, nursing assistants, medication aides, technicians, medical and nursing students, rehabilitation therapy specialists, or other personnel who are involved in your health care.

For example, we may order physical therapy services to improve your strength and walking abilities. We will need to talk with the physical therapist so that we can coordinate services and develop a plan of care. We also may need to refer you to another health care provider to receive certain services. We will share information with that health care provider in order to coordinate your care and services. This may include health care providers that are within or affiliated with VNA Alliance and Concordia Lutheran Ministries.

b. Payment. We may use or disclose your health information so that we may bill and receive payment from you, an insurance company, or another third party for the health care services you receive from us. We also may disclose health information about you to your health plan in order to obtain prior approval for the services we provide to you, or to determine that your health plan will pay for the treatment.

For example, we may need to give health information to your health plan in order to obtain prior approval to refer you to a health care specialist, such as a neurologist or orthopedic surgeon, or to perform a diagnostic test such as a magnetic resonance imaging scan (“MRI”) or a CT scan.

c. Health Care Operations. We may use or disclose your health information in order to perform the necessary administrative, educational, quality assurance and business functions of our facility.

For example, we may use your health information to evaluate the performance of our staff in caring for you. We also may use your health information to evaluate whether certain treatment or services offered by our facility are effective. We also may disclose your health information to other physicians, nurses, technicians, or health profession students for teaching and learning purposes.

C. SITUATIONS WHERE YOU HAVE THE RIGHT TO LIMIT/RESTRICT USES AND DISCLOSURES OF YOUR HEALTH INFORMATION.

We may use or disclose your health information in certain special situations as described below. For these situations, you have the right to limit these uses and disclosures as provided for in Section F of this Notice.

2. **Treatment Alternatives & Health-Related Products and Services.** We may use or disclose your health information for purposes of discussing with you treatment alternatives or health-related products or services that may be of interest to you. For example, if you are a resident of our facility for purposes of a post-surgical hip replacement, we may talk with you about a gait training program that we offer at our facility to improve your walking and balance.
3. **Family Members and Friends.** We may disclose your health information to individuals, such as family members and friends, who are involved in your care or who help pay for your care. We may make such disclosures when: (a) we have your verbal agreement to do so; (b) we make such disclosures and you do not object; or (c) we can infer from the circumstances that you would not object to such disclosures. For example, we will share information about you with your spouse, other family member, or friend after giving you an opportunity to agree or object. This may include basic information about your transfer, discharge, or death.

We also may disclose your health information to family members or friends in instances when you are unable to agree or object to such disclosures, provided that we feel it is in your best interests to make such disclosures and the disclosures relate to that family member or friend's involvement in your care. For example, if your medical condition prevents you from either agreeing or objecting to disclosures made to your family or friends, we may share information with the family member or friend that comes to visit you at our facility, but we will share only that information which relates to their involvement in your care.

4. **Fundraising Activities.** We may use or disclose a limited amount of your health information for purposes of contacting you to raise money for our facility and its operations, Concordia magazines and newsletters, invitations to annual events & reunions, and annual appeals. We also may disclose your health information to a foundation related to our facility so that the foundation may contact you to raise money for our facility.
