

Why I want to serve on the USAR Board of Directors

I believe in the sport of racquetball. Not only do I know it is great to play, I also see a diverse collection of integrated and dedicated groups.

While I've been playing racquetball in one form or another for 15 years, I have spent the last 3 years comprehensively following, photographing and writing about racquetball, its groups and personalities. I add to that a deep engagement with many of the sport's key people, organizations and supporting manufacturers in various ways.

I've seen racquetball enthusiasts become increasingly connected over the past few years, fueled by social media and the work the USAR and other organizations engaged in facilitating participation in the sport. I feel very optimistic when I think about the future of racquetball and am hopeful that the growth that comes with increased participation includes communities that aren't yet concretely tied into the great programming offered by the USAR.

I would like to express my interest in serving on the USAR Board of Directors. I believe it would be a distinct honor and I am confident that I would be highly engaged and motivated to serve.

Any time and consideration afforded my interest is greatly appreciated in advance.

Sincerely,
Alfredo "Freddy" Ramirez
