The Organic Face

Product review by Lisa VanWilliams

The Organic Face was started by Noreen Diani in 2013, and she had over 18 years experience as a makeup artist and skin allergies as her motivation behind her. The Organic Face is dedicated to making natural, chemical-free, organic cosmetics made with the finest ingredients. They offer organic lip gloss, lipstick, eyeliners, soaps, eyes shadows, bronzers, blush, & foundation in a variety of shades and styles. The company is based of Jackson, NJ and all the products are made in the USA.

Everything is 40% off on Cyber Monday, so it would be a great time to stock up and pick out a few stocking stuffers for yourself. They sent me the Addiction Lip Gloss to try out in Dusty Rose and I love it. It's a frosted pink lip gloss that's super-shiny and made with organic cocoa & shea butter so it glides on smooth and feels good on your lips.
