

HOW IT WORKS

WHAT IT IS

The Look Thick Spray Applicator is a patented tool that attaches to Regular and Economy size bottles of our Hair Fibers and allows for a more precise application.

WHAT IT DOES

Allows you to easily target and spray Hair Fibers into specific areas.

WHAT ELSE YOU NEED TO KNOW

Combine the Spray Applicator and Hairline Optimizer when working around the hairline, or use the Spray Applicator to help disguise parts, cover up roots, or blend hair extensions. Fits both Regular (12g) and Large size (27g) Hair Fibers bottles.
